*Oil News* ,1921      **Oil for Britain** Jonathan Kuiken,2023-06-30 The period from 1957 to 1988 was transformative for the international oil industry The United Kingdom home to two major oil companies British Petroleum BP and Shell as well as the possessor of large quantities of oil and gas in its territorial waters was at the heart of this transition While famous for its liberal policy toward oil and gas production both before and after the discovery of North Sea oil and gas this period actually saw the United Kingdom respond to shifts in power from the major oil companies to the oil producing states many of them in Organization of Petroleum Exporting Companies OPEC by building up its competency regarding oil matters This took the form of efforts to influence the activities of BP and Shell abroad as well as in creation of a state run oil company the British National Oil Corporation in an attempt to exercise greater state control over oil and gas production and distribution The failure of these efforts was driven in part by internal divisions within Whitehall the efforts of the oil companies themselves and ultimately the political will of the Conservative Party under Margaret Thatcher to get the state out of the business of oil and gas      **Britain and the Conflict in the Middle East, 1964-1967** Moshe Gat,2003-02-28 In this comprehensive study Gat looks at British policy in the period leading up to the Six Day War Although Britain holds center stage in this account the study discusses in some detail American policy and its effect on the Arab Israeli conflict It also focuses on the Middle East water dispute its impact on future events and eventually the outbreak of war in 1967 This is a fascinating look at the process by which the Middle East became yet another Cold War playground To date most scholars on the Arab Israeli conflict have focused on the events of the Six Day War rather than on the tumultuous years prior to the war Gat is the first to examine this turbulent yet decisive chapter in the history of the Middle East within the context of the Cold War while making extensive use of British American and Israeli archives      **Petroleum Times** ,1928      *The World's Work* ,1919 A history of our time
