Basic Public Speaking

William Bradshaw Lashbrook

Basic Public Speaking:

Basic Public Speaking Paul L. Soper, 1963 *Basic Public Speaking* Eugene Edmond White, 1984 **Public Speaking Basics** Michael A. Griffin, 2009 Public Speaking Basics provides a semester's worth of information and exercises to help college students master public speaking. There is an emphasis on creating good thesis sentences and on using effective forms of outlining. A sample speech is provided with each of the six different speaking assignments. **BOOK JACKET** **The Routledge Handbook of Public Speaking Research and Theory** Stevie M. Munz, Tim McKenna-Buchanan, Anna M. Wright, 2024-04-18 Providing a comprehensive survey of the empirical research theory and history of public speaking, this handbook fills a crucial gap in public speaking pedagogy resources and provides a foundation for future research and pedagogical development. Bringing together contributions from both up and coming and senior scholars in the field, this book offers a thorough examination of public speaking guided by research across six key themes: the history of public speaking, the foundations of public speaking, issues of diversity, equity, and inclusion, considerations of public speaking across contexts, assessment of public speaking, and the future of public speaking in the twenty-first century. The evidence-based chapters engage with a broad discussion of public speaking through a variety of viewpoints to demonstrate how subtopics are connected and fraught with complexity. Contributors explore public speaking in education, business, and professional settings and political contexts and outline how skills learned through public speaking are applicable to interpersonal, small group, and business interactions. Reinforcing the relevance, importance, and significance of public speaking in individual, interpersonal, social, and cultural communication contexts, this accessibly written handbook will be an indispensable resource for public speaking instructors and program administrators. It will also be valuable reading for Communication Pedagogy and Introduction to Graduate Studies courses. *Advanced Public Speaking* Michael Hostetler, Mary Kahl, 2016-01-08 Debuting in its first edition, *Advanced Public Speaking: A Leader's Guide* is a comprehensive textbook designed to teach, model, and serve as a speech-making reference for upper-level undergraduate students. This advanced student engagement-focused and flexible text offers students opportunities to increase their speaking abilities across a variety of more specific and complex contexts. **A Descriptive-analytical Study of the Basic Public Speaking Course at Michigan State University** William Bradshaw Lashbrook, 1965 *The SAGE Encyclopedia of Communication Research Methods* Mike Allen, 2017-04-11 Communication research is evolving and changing in a world of online journals, open access, and new ways of obtaining data and conducting experiments via the Internet. Although there are generic encyclopedias describing basic social science research methodologies in general, until now there has been no comprehensive A to Z reference work exploring methods specific to communication and media studies.
