Deep Black Payback:

Deep Black: Payback Stephen Coonts, Jim DeFelice, 2005-10-04 A covert mission in Peru is derailed by a renegade general's devastating threat in the New York Times bestselling author's acclaimed techno-thriller series. Ex-Marine sniper Charlie Dean and his top-secret NSA team have their orders: infiltrate the highest stratum of Peruvian political power to stop a general from acing an election. All Dean has to do is find a way inside an impenetrable bank vault protected by armed guards round the clock. It's all in a day's work for the men and women of Deep Black. But things get complicated when Dean and company discover the general's second plot: The military madman's ruse—a nuclear weapon he claims is in the hands of Marxist guerillas—a bomb that only he can rescue and control. When the general and his plot are exposed, the NSA concludes the greatest threat is over. But in fact, it's only just beginning.

The Armageddon File Stephen Coonts, 2017-11-06 Stephen Coonts delivers another high-powered, politically charged thriller that is not to be missed. *The Real Book Spy*: A headline-inspired thriller with a conservative slant. Publishers Weekly: After one of the most contentious and divisive elections in American history, the new president is finally settling into the West Wing. But when his chief of staff discovers evidence that voting machines in key counties in swing states were tampered with, the whole administration is in danger of unraveling. Did someone steal the election? Are America's enemies involved? Were the tampered-with machines actually rigged to swing the election the other way, and if so, and the plot failed, what is the conspirators' backup plan? Jake Grafton and Tommy Carmellini race to solve the mystery of a potentially rigged election before America's full faith and credit in our democracy, sovereignty, and rule of law become completely undone.

Liberty's Last Stand Stephen Coonts, 2016-06-13 New York Times bestselling author Stephen Coonts delivers another nail-biting thriller starring CIA Director Jake Grafton and his right-hand man Tommy Carmellini. The president of the United States stands on an outdoor stage flanked by powerful members of his administration and party. Television crews are preparing for broadcast. High above the stage on a nearby rooftop, a decorated sniper adjusts the scope on his rifle. Afterwards, America will never be the same. Jake Grafton and Tommy Carmellini suddenly find themselves on the wrong side of the law when a public act of violence throws the country into chaos just before a presidential election. After martial law is declared and rioting begins, Grafton and Carmellini must risk everything to unravel a massive conspiracy and help a new resistance movement rise up against an unimaginable enemy.

Saucer: Savage Planet Stephen Coonts, 2014-04 Full of UFOs, futuristic technology, edge-of-your-seat flying scenes, and unforgettable characters, human and otherwise, Stephen Coonts' *Savage Planet* is classic storytelling at its best and pure, unadulterated fun. Aliens are coming. A year after young engineering student Rip Cantrell discovered the first flying saucer buried deep in the sands of the Sahara, another saucer is brought up from the bottom of the Atlantic. The recovery is funded by a pharmaceutical executive who believes that the saucer holds the key to an anti-aging drug formula that space travelers would need to voyage between galaxies. But one of his technicians, Adam Solo, an alien marooned on Earth for a thousand years, steals the saucer, hoping to

summon a starship to rescue him Unfortunately the stolen saucer has damaged communications gear Solo goes to Rip Cantrell and his partner ex Air Force test pilot Charlotte Charley Pine and Rip's uncle Egg for help in summoning a starship Meanwhile as a terrified world fearful of space invaders approaches meltdown big pharma moguls and their thugs are hot on the trail of the foursome In a world turned upside down it may be the arriving aliens who offer limitless possibilities Rip and Charley face an incredible decision Do they dare leave the safety of earth to travel into the great wilderness of the universe
