Wattles: The Science of Being Well, The Science of Getting Rich & The Science of Being Great - Complete Trilogy

Wallace D. Wattles, 2015-08-10 This carefully crafted ebook The Science of Wallace D Wattles The Science of Being Well The Science of Getting Rich The Science of Being Great Complete Trilogy is formatted for your eReader with a functional and detailed table of contents The Science of Getting Rich was published in 1910 by the Elizabeth Towne Company The book is still in print It was a major inspiration for Rhonda Byrne s bestselling book and film The Secret 2006 In The Science of Getting Rich Wattles explains how can a person overcome mental barriers and how creation not competition is the hidden

key to wealth attraction The Science of Being Well is not a philosophical treatise but a practical guide and handbook for those whose main goal is health The Science of Being Great is a personal self help book of the author He is introducing us to a principle of power and showing us the immense effect of the power of positive thinking Wallace Delois Wattles 1860 1911 was an American author As a New Thought writer he remains personally somewhat obscure but his writing has been widely quoted and remains in print in the New Thought and self help movements Wattles often travelled to Chicago where he gave Sunday night lectures among several leading New Thought authors He studied the writings of Georg Wilhelm Friedrich Hegel and Ralph Waldo Emerson and recommended the study of their books to his readers who wished to understand what he characterized as the monistic theory of the cosmos

Beyond Price J. David Velleman, 2015-10-08 In nine lively essays bioethicist J David Velleman challenges the prevailing consensus about assisted suicide and reproductive technology articulating an original approach to the ethics of creating and ending human lives He argues that assistance in dying is appropriate only at the point where talk of suicide is not and he raises moral objections to anonymous donor conception In their place Velleman champions a morality of valuing personhood over happiness in making end of life decisions and respecting the personhood of future children in making decisions about procreation These controversial views are defended with philosophical rigor while remaining accessible to the general reader Written over Velleman s 30 years of undergraduate teaching in bioethics the essays have never before been collected and made available to a non academic audience They will open new lines of debate on issues of intense public interest
