

The Crusades - Document Set 2

Impacts of the Crusades - Digital

Essential Question: Describe the positive impacts that the Crusades had on Europe and the Middle East

Document 1: Crusaders Settle in the East

After the Franks had settled and created the Crusader states, the storyteller Fulcher of Chartres had this observation:

"We who were Europeans now have been made people of the East. He who was a Roman or a Frank is now a Galilean or a Palestinian. We have already forgotten the places of our birth... Some already possess here homes and servants which they have received through inheritance. Some have taken wives not of European (western) descent but of native Syrians, and Armenians, who have converted to Christianity. For those who were poor in Europe, here God makes rich. Those who had few coins, here possess countless coins, and those who had not had a villa, here, by the gift of God, already possess a city...Why should one who has found the East want return to the West?"

The East - Eastern Mediterranean, today "Middle East" where Jerusalem was located.

The West - Used to refer to Europe

Eastern Mediterranean in 1135. Crusader states are indicated with a red cross +

1) What happened to some Europeans that ventured to the Middle East during the Crusades?

They caused massive death tolls, shifted power dynamics, and fostered trade and learning.

2) What are these European's views of the Middle East, why do they stay?

the Europeans seem to have no interest or knowledge about the Middle East and don't plan on having any because they are in a position of higher power.

3) Pick 2 pieces of evidence that demonstrate these Europeans were happier in the Middle East:

4) Overall does this source demonstrate a positive, or negative impact of the Crusades?
