The Secret Keeper Up All Night Brea Brown,2019-11-01 It s no secret that having a new baby is exhausting And it s no secret that Peyton is so sleep deprived she s practically walking into walls But it s no secret that she loves her son and her husband So when Brice wants to move from Chicago away from Peyton s family and job and friends and familiar home she says yes because she knows how much it will mean to his career and how much he wants this change But now Peyton is keeping a secret about their new life she hates it Then there s the secret she s keeping or at least trying to keep from her new town and new church that she s just no good at this pastor s wife thing At least they don t know about her past And there s no way that secret could ever get out is there

They Took the Kids Last Night Diane L. Redleaf,2018-11-02 This account of six families whose children were wrongly seized by child protection services vividly illustrates the constitutional balancing act where medicine family interests and child safety can clash They Took the Kids Last Night shows a rarely exposed side of America s contemporary struggle to address child abuse telling the stories of loving families who were almost destroyed by false allegations readily accepted by caseworkers doctors the media and too often the courts Each of the six wrongly accused families profiled in this book faced an epic and life changing battle when child protection caseworkers came to their homes to take their kids In each case a child had an injury whose cause was unknown it could have been due to an accident a medical condition or abuse Each family ultimately exonerated itself and restored its family life but still bears scars from the experience that will never disappear The book tells why and how the child protection system failed these families It also examines the larger flaws in our country s child protection safety net that is supposed to sort out the innocent from the guilty in order to protect children

Warriors of the Night Kerry Newcomb,2014-04-29 In the Texas desert a soldier fights Rangers Indians and the woman he loves Do a Anabel Cordero gallops across the moonlit desert a tribe of Comanche warriors at her heels She is the daughter of the country s greatest bandit who was cut down by the Texas Rangers against whom Do a Anabel has sworn vengeance and the Comanche do not scare her But when a well meaning soldier Ben McQueen mistakes her for a damsel on a runaway horse and slows her mount the warriors surround them With McQueen s help Do a Anabel escapes the Comanche but their fight is just beginning A savage cult roams the moonlit desert exacting terrible vengeance on all who cross their path With the help of a fearless Ranger named Snake Eye McQueen sets out to bring order to the frontier But when Do a Anabel s cause runs up against his own McQueen will have to choose between his country and the woman he loves

Challenging Operations Katherine C. Kellogg,2011-07-05 In 2003 in the face of errors and accidents caused by medical and surgical trainees the American Council of Graduate Medical Education mandated a reduction in resident work hours to eighty per week Over the course of two and a half years spent observing residents and staff surgeons trying to implement this new regulation Katherine C Kellogg discovered that resistance to it was both strong and successful in fact two of the three hospitals she studied failed to make the change Challenging Operations takes up the

apparent paradox of medical professionals resisting reforms designed to help them and their patients Through vivid anecdotes interviews and incisive observation and analysis Kellogg shows the complex ways that institutional reforms spark resistance when they challenge long standing beliefs roles and systems of authority At a time when numerous policies have been enacted to address the nation s soaring medical costs uneven access to care and shortage of primary care physicians Challenging Operations sheds new light on the difficulty of implementing reforms and offers concrete recommendations for effectively meeting that challenge
