California He loved trains and built a train set in our living room We met each other in a recovery meeting and I hired him to work in my dialysis unit where I was the administrator I fell in love with him after watching him do CPR on one of our patients he was my hero We were both nurses and he eventually transferred to another unit where he became the unit administrator Our company had annual meetings for all of the administrators and each year we went to a different state so we always rented a car and traveled around that state wherever that took us When we drove to California for our vacations we decided to camp out on our way there several times We were both involved in recovery   The New Testament ...
