Devil Proposes Man Disposes:

Epic and Empire David Quint, 1993-02-14 Alexander the Great according to Plutarch carried on his campaigns a copy of the Iliad kept alongside a dagger on a more pronounced ideological level ancient Romans looked to the Aeneid as an argument for imperialism In this major reinterpretation of epic poetry beginning with Virgil David Quint explores the political context and meanings of key works in Western literature He divides the history of the genre into two political traditions the Virgilian epics of conquest and empire that take the victors side the Aeneid itself Camoes s Lus adas Tasso s Gerusalemme liberata and the countervailing epic of the defeated and of republican liberty Lucan s Pharsalia Ercilla s Araucana and d Aubign s Les tragiques These traditions produce opposing ideas of historical narrative a linear teleological narrative that belongs to the imperial conquerors and an episodic and open ended narrative identified with romance the story told of and by the defeated Quint situates Paradise Lost and Paradise Regained within these rival traditions He extends his political analysis to the scholarly revival of medieval epic in the late eighteenth and nineteenth centuries and to Sergei Eisenstein s epic film Alexander Nevsky Attending both to the topical contexts of individual poems and to the larger historical development of the epic genre Epic and Empire provides new models for exploring the relationship between ideology and literary form Devil
