

Prayer is not monologue, but dialogue;
God's voice is its most essential part.
Listening to God's voice is the secret of
the assurance that He will listen to mine.

Taliaferro, 2009-04-16 One in the series New Dialogues in Philosophy edited by Dale Jacqueline Charles Taliaferro a leading philosopher of religion presents several fictional dialogues among characters with contrasting views on the existence of God The views express the many standard positions theism atheism skepticism and other nuanced arguments about the nature of God In a series of five inspired original debates Taliaferro taps into several famous exchanges including those among Antony Flew Basil Mitchell and R M Hare between Frederick Copleston and Bertrand Russell and between Copleston and A J Ayer The book includes a set of observations about the nature and conduct of debate providing charitable interpretations of

opposing sides and allowing interlocutors time to develop their points Series Editor Professor Dale Jacquette Senior Professorial Chair in Theoretical Philosophy University of Bern Switzerland *Divine Conversations* Signa Bodishbaugh,2013-03 God initiates divine conversations and He designed you to be able to hear His language of the heart He invites you to engage with Him in meaningful dialogue More than any words you will ever hear His words bring deep healing to your soul and begin to transform you into the person He created you to be bringing wholeness to you and to your whole family Signa Bodishbaugh weaves her personal journey of transformation into exciting examples and opportunities for you to discover the joy of hearing God She helps you discern God s voice from all the others vying for your attention And she invites you to experience expectant anticipated times of life changing surprises as you recognize His presence in new ways Learning to hear His voice does not have to be an elusive venture a tedious task or an obligatory sense of Christian duty Instead divine dialogue can become what you look forward to most every day Reading this book is like having a friend sit across from you and speak honestly from the heart You will laugh cry be challenged and ultimately be changed This is because Signa expects you to hear God And you will **Dialogue with God** Cheryl L. Wakes,2005-12 We are fearfully and wonderfully made Dialogue with God will cause you to search We are human computers Every human being has a search engine It s called the heart Whether we recognize it or not there is always a search in our heart We search for answers to why and where and even who When we break down for whatever reason we need to be overhauled We pick up viruses of doubt and confusion God becomes so distant to us that we began to question does He know what s happening Why doesn t He do something Unlike the fool who says There is no God In Dialogue with God Cheryl Wakes shares personal evidence of God s existence Wakes makes known the majesty the love and the power of God experienced on an intimate level God has control over EVERYTHING Each why where and who rest in the sovereignty of His perfect will Capitalize on the freedom you have to Dialogue with God You will be surprised by what He reveals to you Seeking God s presence rewarding beyond measure Conversations with God Neale Donald Walsch,1996 Conversations between the author and God **Conversations with God, Books 2 & 3** Neale Donald Walsch,2014-09-01 Neale Donald Walsch didn t claim to be special or spiritually gifted He was just a frustrated man who sat down one day with pen in his hand and some tough questions in his heart As he wrote his questions to God he realized that God was answering them directly through Walsch s pen And the result was a series of witty provocative and profound books that have changed the lives of readers around the world Here in one handsome volume are the second two books in the Conversations with God series In Conversations with God 2 Neale Donald Walsch and God continue their discussion and move on to larger topics than the personal issues addressed in Conversations with God 1 The pair discusses time space politics and even kinky sex It is an honest look at some of the broad issues important to all of us on the planet In Conversations with God 3 final book of the original three book series universal truths of the highest order and the challenges and opportunities of the soul In this volume the dialogue expands to include more about the nature of God about love and

fear about who we are and who we may become Here is also a profound dialogue about the culture philosophy and spirituality of highly evolved beings some of whom we presently call aliens or ETs in other realms of the universe and how they have learned to view life love and the pursuit of happiness

Conversations with God Neale Donald Walsch,2012-06-01 *Conversations with God* marks Neale Donald Walsch s initial dialogue with God This book discusses personal issues such as prosperity relationships and the nature of spiritual truth with God providing clear understandable answers Further than the author s conversation with God you ll realise that your own understanding and your own conversation with God are the true subjects of this unforgettable text Suppose you could ask God the most puzzling questions about existence questions about love and faith life and death good and evil Suppose God provided clear understandable answers It happened to Neale Donald Walsch It can happen to you You are about to have a conversation Walsch was experiencing a low point in his life when he decided to write a letter to God venting his frustrations What he did not expect was a response As he finished his letter he was moved to continue writing and out came these extraordinary answers to his questions They will amaze you with complex paradoxes that make perfect sense profound logic and astounding truths Here are answers that bring together as one the deeper meaning of all beliefs and traditions Here are the answers that will change you your life and the way you view other beings For those with an open mind a limitless curiosity and a sincere desire to seek the truth this book is stunning

Conversations with God Neale Donald Walsch,1995 *God and Time* Gregory E. Ganssle,David M. Woodruff,2001-12-20 Throughout the history of philosophical theology scholars have reflected on the relationship between God and time In the Western religious tradition God has been thought to be eternal in the sense that God is outside time But many thinkers today hold that while God is everlasting in that there was no beginning to God s existence nor will he ever cease existing God exists within Time In *God and Time* Gregory E Ganssle and David Woodruff have brought together 12 previously unpublished essays from leading philosophers on God s relation to time Including work from today s most prominent thinkers in this fascinating field *God and Time* represents the current state of the discussion between those who believe God to be atemporal experiencing everything in the eternal now and those who believe God to be temporal experiencing events sequentially somewhat as we do This collection highlights such issues as how the nature of time is relevant to the question of whether God is temporal and how God s other attributes are compatible with his mode of temporal being By focusing on the metaphysical aspects of time and temporal existence *God and Time* makes a unique contribution to the current resurgence of interest in philosophical theology in the analytic tradition

Dying to self. (The spirit of love. Pt.2. 3rd dialogue). With notes by A. Murray William Law,1898 *Free Will and God's Universal Causality* W. Matthews Grant,2019-05-16 The traditional doctrine of God s universal causality holds that God directly causes all entities distinct from himself including all creaturely actions But can our actions be free in the strong libertarian sense if they are directly caused by God W Matthews Grant argues that free creaturely acts have dual sources God and the free creaturely

agent and are ultimately up to both in a way that leaves all the standard conditions for libertarian freedom satisfied Offering a comprehensive alternative to existing approaches for combining theism and libertarian freedom he proposes new solutions for reconciling libertarian freedom with robust accounts of God's providence grace and predestination He also addresses the problem of moral evil without the commonly employed Free Will Defense Written for analytic philosophers and theologians Grant's approach can be characterized as neo scholastic as well as analytic since many of the positions defended are inspired by consonant with and develop resources drawn from the scholastic tradition especially Aquinas **Dialogues on**
