

# Female Supremacy

# Deviant Female

**Bridget Hutter, Gillian Williams**

## **Deviant Female:**

**Deviant Women** Tiina Mäntymäki, 2015 This volume explores the representation of female deviance from literary sociolinguistic and historical cultural perspectives in a wide range of texts across time cultures and genres In this way it elucidates a contemporary cultural concern about narratives of femininity as well as diverse sites of negotiations of female resistance

**Labeling women deviant** Edwin M. Schur, **Controlling Women** Bridget Hutter, Gillian Williams, 2024-11-20 Originally published in 1981 Controlling Women critically examines the forms of moral regulation and social control that were exercised over women at the time arguing that the study of deviant women cannot be separated from the study of how all women are defined and controlled Contributors consider motherhood prostitutes abortion alcoholism retirement geriatric patients Broadmoor patients and legal controls of sexuality in Britain Social definitions of women and institutional arrangements are used to control women often in such a way that women see them not as control but as part of everyday routines part of the natural order of things The book identifies some of the ways in which women seek to resist or circumvent these forms of control The book will still be of interest to all those concerned with the position of women in our society and more specifically to students and teachers of sociology social policy and theories of deviant behaviour Its focus on images of women and the exercise of control will be of particular interest to professionals concerned with the counselling of women whether in social therapeutic or medical fields

*Sexual Deviance* D. Richard Laws, William T. O'Donohue, 2008-01-07 Now in a fully revised and updated second edition this important work provides authoritative scientific and applied perspectives on the full range of paraphilias and other sexual behavior problems For each major clinical syndrome a chapter on psychopathology and theory is followed by a chapter on assessment and treatment Challenges in working with sex offenders are considered in depth Thoroughly rewritten to reflect a decade of advances in the field the second edition features many new chapters and new authors New topics include an integrated etiological model sexual deviance across the lifespan Internet offenders multiple paraphilias neurobiological processes the clinician as expert witness and public health approaches

*Narcotic Addicts in Kentucky* John A. O'Donnell, National Institute of Mental Health (U.S.), 1969

*Women, Crime and Criminology (Routledge Revivals)* Carol Smart, 2013-10-14 First published in 1977 Women Crime and Criminology presents a feminist critique of classical and contemporary theories of female criminality It addresses the issue that criminology literature has throughout history been predominantly male oriented always treating female criminality as marginal to the proper study of crime in society Carol Smart explores a new direction in criminology and the sociology of deviance by investigating female crime from a committed feminist position Examining the types of offences committed by female offenders Smart points to the fallacies inherent in a reliance on official statistics and shows the deficiencies of the popular argument that female emancipation has caused an increase in female crime rates She deals with studies of prostitution and rape and considers the treatment of women as offenders and victims by the criminal law the police

and courts and the penal system Particular attention is given to the question of lenient treatment for female offenders with the conclusion that women and girls are in some important instances actually discriminated against in our legal and penal systems The relationship between female criminality and mental illness is discussed and the author concludes by dealing with some of the problems inherent in developing a feminist criminology Deviant Women of the French Revolution and the Rise of Feminism Lisa Beckstrand,2009 Despite critical interest in the role of women in the French Revolution there is no single comprehensive study of the works of the two most prolific women writers of the period Olympe de Gouges and Manon Roland At a time when politicians were molding public policy concerning life liberty the pursuit of happiness and constituting criteria for citizenship increasing numbers of women in Paris were clamoring for rights New medical and philosophical theories redefining female nature were trotted out to justify women s continued exclusion from full political participation Such theories focused on the female body as the locus of women s intellectual inadequacies and promulgated the idea that women who acted outside of the confines of their physiological nature were considered desensitized and unfeminine Deviant Women of the French Revolution and the Rise of Feminism aims to uncover the work of those women who challenged prevailing views of female nature sought social reforms and were deemed deviant for their writing and or activism during the French Revolution Jacket **Public Health Service Publication** ,1969 **Annotated Bibliography of Papers from the Addiction Research Center, 1935-75** National Institute on Drug Abuse,1978 **Deviant Women** Tiina Mäntymäki,Marinella Rodi-Risberg,Anna Foka,2014 This multidisciplinary collection of articles illuminates the ways in which the concept of female deviance is represented appropriated re inscribed and refigured in a wide range of texts across time cultures and genres Such a choice of variety shows that representations of deviance accommodate meaning making spaces and possibilities for resistance in different socio cultural and literary contexts The construct of the deviant woman is analysed from literary sociolinguistic and historical cultural perspectives revealing insights about cultures and societies Furthermore the studies recognise and explain the significance of the concept of deviance in relation to gender that bespeaks a contemporary cultural concern about narratives of femininity **Career Continuity of Female College Graduates** Denise Del Vento Bielby,William T. Bielby,1976 The Criminology of Deviant Women Freda Adler,Rita James Simon,1979 **Female Criminality** Marisetty Bilmoria Rani,1987 Women's Sexual Experience Martha Kirkpatrick,1982-04 This book like its companion volume Women s Sexual Development is a potpourri of ideas not campaign literature to promote a particular point of view The editor agrees with some of her authors and strongly disagrees with others The facts are few the questions many The intent of both books is to evoke questions delay convictions invite controversy and plead for opening minds The examination and ex planation of women s sexual experience has long been the province of men The is and the oughts have been hopelessly confused by the investigators or exhorters biases and limited experience as well as by the use of the male sexual experience as the model for all human sexual experience Women at long last are talking not only to each

other in personal journals and letters but also in the more formal worlds of academic and scientific publications The papers in this book come from many sources Some are academic some are experiential journalistic or personal Several emphasize the lack of adequate research and data but address an issue that is just appearing on the surface of contemporary controversy and concern Many topics and sources of information are missing

**Thinking about Women** Margaret L. Andersen,1983 Estudia el feminismo desde un punto de vista teórico Trata de demostrar cómo las experiencias individuales son creadas y transformadas a través de instituciones sociales políticas y económicas Destaca la importancia de la teoría feminista para ayudar a explicar la estructura de estas instituciones y también su utilidad como medida de dispersión para promover cambios de liberación social para la mujer y el hombre Por último también trata con gran expectación el tema del género

**Spectacular Flirtations** Gillian Perry,2007 During the Georgian period there was a remarkable proliferation of seductive visual imagery and written accounts of female performers Focusing on the close relationship between the dramatic and visual arts at this time this beautiful and stimulating book explores popular ideas of the actress as coquette whore celebrity muse and creative agent charting her important symbolic role in contemporary attempts to professionalize both the theatre and the practice of fine art Gill Perry shows how artists such as Gainsborough Reynolds Hoppner or Lawrence produced complex images of female performers as fashion icons coquettes dignified queens or creative artists The result is a rich interdisciplinary study of the Georgian actress Published for the Paul Mellon Centre for Studies in British Art

**Proceedings** American Institute for Decision Sciences. Meeting,1977

*Deviant Women* Sharon A Kowalsky,2026-02-24 Deviant Women first examines the emergence of the discipline of criminology in early Soviet Russia tracing the development of principles and theories particularly that of female deviance and highlighting the ways in which criminologists a diverse cohort of jurists doctors sociologists anthropologists psychiatrists statisticians and forensic experts conducted innovative social science research under the constraints of Bolshevik ideology It then turns to criminologists analyses of female crime exploring their attitudes concerning sexuality geography and class Concluding with a close study of infanticide the most typical crime committed by women Deviant Women discusses the social attitudes revealed through the professional discussions of this crime Throughout Kowalsky focuses on the position of women in early Soviet society revealing criminologists understandings of female crime and how their attitudes helped shape the development of social and behavioral norms in revolutionary Russia

Proceedings Western Forest Genetics Association,1966

Spirits and Demons at Work Harrison Miller Trice,Paul M. Roman,1978 Research results on impact of the use and abuse of mood altering substances on health employment attitude at work and efficiency

## Reviewing **Deviant Female**: Unlocking the Spellbinding Force of Linguistics

In a fast-paced world fueled by information and interconnectivity, the spellbinding force of linguistics has acquired newfound prominence. Its capacity to evoke emotions, stimulate contemplation, and stimulate metamorphosis is actually astonishing. Within the pages of "**Deviant Female**," an enthralling opus penned by a very acclaimed wordsmith, readers attempt an immersive expedition to unravel the intricate significance of language and its indelible imprint on our lives. Throughout this assessment, we shall delve into the book's central motifs, appraise its distinctive narrative style, and gauge its overarching influence on the minds of its readers.
