*The Secrets of KNX* Miguel Angel Rodriguez Segura,2020-05-24 KNX is the 1 global standard for home and building automation with decades of experience thousands of products from hundreds of different manufacturers with a presence on five continents and thousands of professionals certified as KNX partners Now the immediate question is What does it take for a KNX partner to be successful This question has been on the minds of every person interested in home and building automation for years When going out into the real world professionals realize that the controlled environment of laboratories or educational institutions is far from reality They

realize that most of the information they studied in expensive courses and long books is of little practical use to them This is why the vast majority give up on the road or stagnate being a shadow of what could become There are different formal courses that must be taken to become certified in home automation and professional automation However what it really takes to be successful in home and building automation with KNX is not found in traditional training and usually it is not as complicated as you think it is This book provides in a pleasant and clear way the necessary tools to be successful in KNX In addition to the theoretical concepts it has condensed all the practical information that escapes in most formal courses It also brings together the mistakes of many people so that you don t make them and the knowledge developed by others over the years so that you can incorporate it thus taking a shortcut to excellence Here you will also learn to create technology not only to be a consumer of it like the vast majority of people so if you ever want to be a manufacturer of products this is the best way you can take to start opening your mind Finally this book gives you a projection of the sector of home and building automation that will allow you to be at the forefront for a few more years This book gives you all the complementary technical material you can request it to me on my instagram startupiando
