James Shearer holds a D. M. A. in performance and literature with an emphasis in music history from the Eastman School of Music in Rochester, NY. He teaches tuba, euphonium, music history, and music appreciation to graduate, undergraduate, and honors students at New Mexico State University in Las Cruces. In addition, he presents concerts, master classes, and lectures as a Yamaha Performing Artist. An active soloist, Dr. Shearer has appeared throughout the United States in solo recitals and as a guest artist with various wind ensembles and orchestras. Shearer is equally at home in a jazz setting, and his jazz tuba playing has been featured in several live performances for National Public Radio. In addition to performing, Dr. Shearer serves on the Executive Committee of the International Tuba-Euphonium Association as its Publications Coordinator. *Classical Basics* is his second textbook for Kendall/Hunt Publishing Company. His first book, *Jazz Basics*, is already in use at several colleges and universities around the United States.

Special features of the book include:

- Four compact discs are included with over 5 hours of some of the finest classical music ever recorded.
- Each recorded selection has a recording listening guide found within the appropriate chapter of the text. In addition, each listening guide uses time-codes along with thoughtful explanations of what is happening within that given section of the music. With most vocal selections, both the original text and an English translation have been provided.
- Each chapter offers extended reading passages drawn from historical documents, letters, and other famous publications. These diverse items include everything from Bach's contract with the Town of Leipzig to Frank Zappa's 1964 keynote address to the American Society of University Composers.
- All important terms and concepts are presented in boldface. Many colorful images also contain matching **boldface** terms to help students quickly locate a specific definition or musical concept. These white images also allow space for quick notes at any given point of interest.
- Each chapter contains a study guide that may be extracted from the text without the loss of other important book materials.
