

Matthew A. Crenson and Benjamin Ginsberg

Downsizing Democracy

*How America Sidelined Its Citizens
and Privatized Its Public*

Downsizing Democracy

Padhraic Smyth

Downsizing Democracy:

Downsizing Democracy Matthew A. Crenson, Benjamin Ginsberg, 2020-03-03 Originally published in 2002 In *Downsizing Democracy* Matthew A. Crenson and Benjamin Ginsberg describe how the once powerful idea of a collective citizenry has given way to a concept of personal autonomous democracy Today political change is effected through litigation lobbying and term limits rather than active participation in the political process resulting in narrow special interest groups dominating state and federal decision making At a time when an American's investment in the democratic process has largely been reduced to an annual contribution to a political party or organization *Downsizing Democracy* offers a critical reassessment of American democracy

American Credo Michael Foley, 2007-09-13 American society may be hostile to the thought of ideologies but it possesses a sophisticated but little understood ability to engage in deep conflicts over political ideas while at the same time reducing adversarial positions to legitimate derivatives of American history and development The study asks how this occurs how the sources traditions and usages of core ideas and their derivative compounds animate political discourse and structure the basis of political conflict and how it is possible to sustain a high incidence of competitive value laden argument and principled political conflict within a stable political order The fundamental aim of this study is to examine the traditions and usages of American political ideas within the arena of practical politics By locating them in their respective contexts it will be possible to assess both their changing meanings and their shifting relationships to one another In surveying America's core ideas both in isolation and in combination the book facilitates an informed awareness of their political and cultural leverage as forms of persuasion and sources of legitimacy *American Credo* roots the examination of American political ideas firmly in the milieu of social drives political movements and contemporary issues within which the ideas themselves are embedded This not only allows the study to investigate the interior properties and traditional priorities of America's key values but permits the theoretical implications and practical consequences of these ideas to be traced and evaluated By marshalling a wide variety of evidence from different disciplines and perspectives and by employing innovative principles of organisation the study offers clarity and depth in support of an inventive explanatory scheme It concludes with a review of the current and likely future challenges to the protocols and conventions surrounding the matrix of ideational coexistence

Presidential Power Matthew A. Crenson, Benjamin Ginsberg, 2007 This book explores how American presidents especially those of the past three decades have increased the power of the presidency at the expense of democracy

Women and Citizenship Marilyn Friedman, 2005-10-27 The notion of citizenship is complex it can be at once an identity a set of rights privileges and responsibilities an elevated and exclusionary status a relationship between individual and state and more In recent decades citizenship has attracted interdisciplinary attention particularly with the transnational growth of Western capitalism Yet citizenship's relationship to gender has gone relatively unexplored despite the globally pervasive denial of citizenship to women historically and in many places ongoing today This highly interdisciplinary volume

explores the political and cultural dimensions of citizenship and their relevance to women and gender. Containing essays by a well-known group of scholars including Iris Marion Young, Alison Jaggar, Martha Nussbaum, and Sandra Bartky, this book examines the conceptual issues and strategies at play in the feminist quest to give women full citizenship status. The contributors take a fresh look at the issues, going beyond conventional critiques and examining problems in the political and social arrangements, practices, and conditions that diminish women's citizenship in various parts of the world.

Downsizing Democracy Mansel Blackford, 1998 [Pandemic Crossings](#) Guobin Yang, Bingchun Meng, Elaine J. Yuan, 2024-01-01 Throughout the COVID-19 crisis, nation-states found new ways to assert power under the guise of public health: from closing or tightening borders to expanding the boundaries of acceptable citizen surveillance. As these controls increased in intensity, citizens' passions to cross borders seemed to grow in proportion. *Pandemic Crossings* explores how these processes of boundary-making and crossing, often mediated by digital technology despite inequity of access, had profound and often contradictory consequences on individual lives, national politics, and U.S.-China relations. This rich and geographically diverse collection of studies, informed by everyday individual experiences, contributes new insights to the interplay between digital technologies and state governance during the COVID-19 pandemic. It opens up new avenues of research, not only on the COVID-19 pandemic but also on global health crises more broadly.

What are Campaigns For? The Role of Persuasion in Electoral Law and Politics James A. Gardner, 2009-06-19 *What are Campaigns For? The Role of Persuasion in Electoral Law and Politics* argues that campaigns, by and large, do not serve the function of persuasion in the sense of changing people's deeply held beliefs. Rather, campaigns mostly serve a tabulative function, adding up the preferences of voters, which are mostly formed outside the context of campaigns. The book both explains the reasons for these limitations on modern-day political campaigns and their implications, suggesting that there is a need to seek out opportunities for between-campaign deliberations.

Handbook of Education Policy Gerard A. Postiglione, Christopher J. Johnstone, Wesley R. Teter, 2023-01-20 This insightful handbook is an essential guide to educational policy around the world. As shifting geopolitics, intensified climate change, and widening economic inequalities persist, the need for informed educational policy is critical.

[From Ideologies to Public Philosophies](#) Paul Schumaker, Will Delehanty, 2008-01-14 *From Ideologies to Public Philosophies: An Introduction to Political Theory* provides a comprehensive and systematic account of the major ideologies of the 19th and 20th centuries, along with contemporary and emerging outlooks to address the essential questions of political theory. Explores the major ideologies of the 19th and 20th centuries while making clear distinctions for the reader between often-confused interpretations of ideologies. Engaging, reader-friendly style will appeal to students and facilitate sophisticated discussions. Develops and defends pluralism as a broad public policy that is accepted by diverse political groups. Supported by a glossary of terms, suggestions for further reading, and other helpful student and instructor resources at www.blackwellpublishing.com/schumaker.

Michigan Journal of Community Service Learning, 2004

Democracy in America 96: Downsizing the Dream? , AllPolitics offers information on the changing workplace in the United States in 1996 AllPolitics presents related stories including some from Cable News Network Inc CNN Topics discussed include white collar fears workers losing ground global transitions and the turnaround of Pittsburgh Pennsylvania Transcripts of interviews with experts on downsizing in corporate America are also available **Democracy's Oxygen** James P. Winter,1997 Hard facts that illustrate the conspiracy between government and corporate media interests In Search of Legitimacy Ingolfur Blühdorn,2009 In European societies social differentiation value pluralism and international integration have brought about a condition of previously unknown complexity Citizens expectations regarding political participation and the legitimization of government policy are rising yet the capacities for social integration and political consensus formation may be in decline This volume investigates how political actors and institutions in established European democracies are seeing to manage the condition of complexity and how this condition reconfigures the foundations of democratic politics From the Contents Legitimacy Crises Efficiency Gaps Democratic Deficits Efficiency versus Democracy Conceptual Reconciliation of a Troubled Relationship Citizens Expectations Is what matters only what works Re engaging Citizens Institutional Responses to Political Disengagement Informal Government Delegated Authority Legitimizing Independent Regulatory Agencies Delegation to the EU The Open Method of Co ordination OMC and The European Employment Strategy Committee Governance in EU Agricultural Policy Efficiency versus Legitimacy The Governance of Technology Does citizen involvement improve the quality legitimacy and implementability of environmental policy The Allocation of Health Care The Post democratic Turn Complexity and the Reconfiguration of Democratic Politics *The Journal of Speculative Philosophy* William Torrey Harris,2010 *The Nation* ,2003 The Way We Vote Alec C. Ewald,2009 How the United States ended up with the system of elections administration that it has **Political Science Quarterly** ,2002 A review devoted to the historical statistical and comparative study of politics economics and public law Democracy Heading South Augustus B. Cochran,2001 For Cochran the sense of deja vu is overwhelming and alarming **BOOK JACKET United We Fall** Phil Neisser,2008-06-30 United We Fall argues that today s harmful levels of polarization in American politics can be ratcheted down only by giving up the twin notions that the center is the sweet spot for political efficiency and that all differences deserve equal weight in the democratic balance The American people need instead to embrace a political credo of civic engagement confrontation with open ears and spirited debate The commonplace United We Stand must be supplanted by the insight that democracy is strongest where it acknowledges and formalizes real division But surely bipartisan rancor in America and extremist violence around the world are symptoms of too much disagreement not too little No asserts the author The root cause of political violence of all stripes is the failure of opposing camps to engage each other openly and persuasively on their genuine and irreconcilable differences In making the case for principled disagreement United We Fall reviews the history of good and bad disagreement practices in American politics analyzes our mass media

through a pro disagreement lens and draws on studies of conformist group behavior to expose the manipulative dynamics of contemporary dialog initiatives Neisser assesses best practices for conducting public debate at all civic levels on the most vexed issues in America today terrorism multiculturalism religion in politics social and family values race the media education and the environment **Acting Civically** Susan A. Ostrander, Kent E. Portney, 2007 New multidisciplinary scholarship on civic engagement in America

Whispering the Secrets of Language: An Emotional Journey through **Downsizing Democracy**

In a digitally-driven earth where monitors reign supreme and immediate interaction drowns out the subtleties of language, the profound techniques and emotional subtleties hidden within words usually get unheard. Yet, set within the pages of **Downsizing Democracy** a fascinating fictional value pulsating with natural emotions, lies an exceptional journey waiting to be undertaken. Written by a skilled wordsmith, this marvelous opus attracts visitors on an introspective trip, softly unraveling the veiled truths and profound impact resonating within the cloth of every word. Within the mental depths with this moving review, we shall embark upon a sincere exploration of the book is key styles, dissect its captivating publishing type, and fail to the strong resonance it evokes heavy within the recesses of readers hearts.
