

Danger Dog

Lauren Gardner

Danger Dog:

Draft Dangerous Dogs (Amendment) Bill Great Britain: Parliament: House of Commons: Environment, Food and Rural Affairs Committee,2013-05-16 This report had endorsed draft laws to extend dangerous dogs offences to attacks on private property and on assistance dogs But the MPs criticise the Government for failing to bring in wider measures including Dog Control Notices to tackle out of control dogs MPs also endorse the proposed amendment to the Dangerous Dogs Act 1991 making attacks on private land the same as attacks on public land The current law makes it impossible to bring criminal charges against an owner whose dog attacks someone in a private place such as a home The Committee welcomed the proposal to enable action to be taken regardless of where a dog attack happens The Committee agree with the Government that the protection from prosecution should apply only when an attack takes place on a trespasser in the house not in a surrounding area such as the garden or drive However measures taken by the owner to minimise the likelihood of their dog acting aggressively toward someone unexpectedly in such places should be taken into account by enforcement agencies and the courts MPs fully support the measures to extend offences to those committed against an assistance dog such as a guide dog in the same way as if the attack were on a person This reflects the significant consequences such attacks have on the daily lives of people who rely on assistance dogs The Committee recommends that such offences should be extended to apply to any attack which injures a protected animal such as a horse or livestock *Haute Dogs* Russell van Kraayenburg,2014-04-29 Elevate your hot dogs with this creative and informative cookbook including recipes for both classic and adventurous sausages buns and condiments as well as gorgeous photos and detailed history for each recipe The classic cookout staple gets a fresh and tasty twist with recipes inspired by everything from south of the border BBQ to Japanese fusion to modern food cart cuisine Handcraft your own top notch dogs buns and condiments with step by step from scratch instructions and beautiful photos for inspiration Each of these hot dog styles from around the world is accompanied by an in depth look at history and tasty traditions The perfect summer cookbook this indispensable guide will make your grilling extraordinary *Watch-dogs* Edwin Hautonville Richardson,1923 The diseases of dogs, their pathology, diagnosis and treatment: to which is added a complete dictionary of canine "Materia medica."
