America's Competitive Secret: Women Managers Judy B Rosener, 1997 The USA has a number of educated experienced professional women ready and willing to move into the boardrooms and executive suites of corporate America The author of this text argues that they are America s competitive secret

America's Competitive Secret Judy B. Rosener, 1995 The United States has a large number of well educated experienced professional women ready willing and able to move into the boardrooms and executive suites of corporate America Together they represent a great untapped economic resource a resource no other country in the world can claim This is America s competitive secret argues Judy B Rosener in this refreshingly pragmatic new book for managers who want to improve their bottom line A leading expert on women and men at work and a highly sought after speaker Rosener argues that not only are men and women different so are male and female managers Drawing on in depth interviews with top flight executives and middle managers and the latest research on working women and organizational change she describes the unique contribution of female professionals Her profiles of top women managers reveal that they cope well with ambiguity are comfortable sharing power and they tend to empower others leadership traits that Rosener contends lead to increased employee productivity innovation and profits As businesses today struggle with corporate reorganization and an increasingly diverse workforce America s Competitive Secret offers compelling evidence that the changes that help organizations more fully utilize the talents of women are the same changes that will give them an important edge in today s fast changing service oriented global workplace Rosener explains why the so called glass ceiling still prevents many competent women from reaching the upper echelons of management She analyzes why women and men are perceived and evaluated differently at work and provides new insight into the feelings of men who are asked to interact with women in new roles when there are few new rules Rosener shows that removing the glass ceiling can no longer be viewed solely in terms of social equity it is now an economic imperative Too many American businesses have limited their economic strength by viewing the promotion of women employees only within the context of federally mandated affirmative action laws and policies America s Competitive Secret redefines the issue for a new era showing that America s most successful competitive strategy is one that most effectively utilizes all its human resources

Leadership the Eleanor Roosevelt Way Robin Gerber, 2003-08-26 Eleanor Roosevelt s remarkable ability to confront and overcome hurdles be they political personal or social made her one of the greatest leaders of the last century if not all time In *Leadership the Eleanor Roosevelt Way* author and scholar Robin Gerber examines the values tactics and beliefs that enabled Eleanor Roosevelt to bring about tremendous change in herself and in the world Examining the former first lady s rise from a difficult childhood to her enormously productive and politically involved years in the White House as a

UN delegate and an honorary ambassador an author and beyond Gerber offers women an inspiring road map to heroic living and an unparalleled model for personal achievement

Leadership Styles Tony Kippenberger, 2002-04-02 Fast track route to mastering effective leadership styles Covers the key areas of leadership styles from developing a style to suit the situation and organizational type to cross cultural issues and the new interest in servant leadership Examples and lessons from some of the world's most successful leaders including David Simon and John Browne Konosuke Matsushita and Herb Kelleher and ideas from the smartest thinkers including Manfred Kets de Vries Ed Schein Gareth Jones and Bob Goffee Ken Blanchard and John Adair Includes a glossary of key concepts and a comprehensive resources guide

Doing Leadership Differently Amanda Sinclair, 2005 The Australian workforce is amazingly diverse with men and women bringing a huge range of cultural backgrounds skills and life experiences to their jobs But this diversity with all its potential for cleverness and creativity is not reflected in the ranks our of senior business and corporate leaders Amanda Sinclair argues that Australian organisations are clinging to an outdated concept of leadership We expect our leaders to be a certain type of person a tough heterosexual male Drawing on interviews with senior executives male and female she shows convincingly why our faith in this traditional style of leadership is so strong and misplaced Doing Leadership Differently is essential reading for both established and aspiring executives and managers It offers a challenging and original analysis of why the traditional style of leadership has failed us how men as well as women can benefit from understanding how gender shapes leadership style how to put power and sexuality at the heart of effective leadership ways of widening the pool of Australian leadership talent

Climbing the Corporate Ladder in High Heels Kathleen Archambeau, 2006-04-01 Favoring neither the in your face aggressive tactics of the break through the glass ceiling school of thought nor the sugar and spice is everything nice little girl approach Climbing the Corporate Ladder in High Heels shows women how to be outstanding successful and personally actualized without becoming just like men There are 63 million working women in America but only nine are top company CEOs While women make up nearly 50 percent of the workforce working women perform 90 percent of household and childcare duties Women are left wondering Do I have to make a choice between my career or my life This book answers that question You can have it all just not all at once

Modern Regulations and Practices for Social and Environmental Accounting Eugénio, Teresa, Azevedo, Graça, Fialho, Ana, 2022-04-08 There has been an increased interest in social and environmental issues in recent years as more consideration is given to the idea of sustainability and social accounting Social accounting can be considered a straightforward manifestation of corporate enforcement to legitimize explain and justify the organization's activities or an ethically desirable component of any well functioning democracy Social accounting can also include environmental accounting which is focused on environmental issues Additional study is required to better understand the relevancy of social and environmental accounting in today's modern business world Modern Regulations and Practices for Social and Environmental Accounting discusses social and environmental accounting and considers regulations norms organizational
