also puts Sutton in the killer's crosshairs someplace she has been before but this time she isn't there alone This time police detective Noah Lansing her new romantic interest is targeted right along with her and it's up to Sutton to see to it that his 5 year old son doesn't become an orphan

The Lady from the Black Lagoon Mallory O'Meara,2019-03-05 In 1954 movie going audiences were shocked and awed by Universal Studio's groundbreaking horror film Creature from the Black Lagoon As the years passed the film gained a reputation as a landmark of the monster movie genre But only a small number of devotees were aware of the existence of Milicent Patrick who remains to this day the only woman to have designed a classic Universal monster That is until film producer horror aficionado and Black Lagoon acolyte Mallory O Meara begins to investigate rumors about the monster's creator only to find more questions than answers Through diligent research O Meara learns that the enigmatic artist led a rich and fascinating life that intersects with some of the largest figures of mid century America including William Randolph Hearst and Walt Disney The sudden premature end to Patrick's career is defined by circumstances that parallel uncomfortably so O Meara's own experiences in the film world an industry that continues to be dominated by men In a narrative with equal parts mystery and biography The Lady from the Black Lagoon interweaves the lives of two women separated by decades but bound together by the tragedies and triumphs of working in Hollywood

Jumping at the Chance Gil Griffin,2017-07-13 The true story of how professional Australian Rules Football found an unlikely new source of talent in the United States Though most Americans automatically think rugby when they hear or read the phrase Australian football the two sports actually have very little in common besides tackling and kicking Footy as this unique sport is known in Aussie circles bears more resemblance to American athletics requiring the skill and grace of basketball combined with the physical toughness and endurance of American style football The only thing it apparently didn't require was actual Americans Until now Scouts from the Australian Football League AFL realized that a key position on their teams called the ruckman required both the height and ball handling skills readily found in American basketball players What began as an unlikely experiment of cross breeding sports talent has led to a growing expedition of NBA hopefuls from NCAA athletic programs including Oklahoma State Morehead State and the University of Arizona looking to make their way in a game most of them had never even seen played before In Jumping at the Chance longtime Aussie football fanatic Gil Griffin delivers a riveting account of these American athletes who go to the other side of the world in search of their dreams of glory From learning an entirely foreign sport from the ground up to coping with what it means to be a team member in a different culture to gaining not only acceptance but ecstatic support from the rabid footy fans their stories are much like Australian Rules football itself sometimes humorous sometimes heartbreaking always inspiring
