Anthem Ayn Rand,1946 The year 2005 marks Ayn Rand s Centennial Year Ayn Rand s classic tale of a future dark age of the great We a world that deprives individuals of name independence and values anticipates her later masterpieces The Fountainhead and Atlas Shrugged *Anthem* Ayn Rand,2004-12-28 Anthem is Ayn Rand s classic tale of a dystopian future of the great We a world that deprives individuals of a name or independence that anticipates her later masterpieces The Fountainhead and Atlas Shrugged They existed only to serve the state They were conceived in controlled Palaces of Mating They died in the Home of the Useless From cradle to grave the crowd was one the great WE In all that was left of humanity there was only one man who dared to think seek and love He lived in the dark ages of the future In a loveless world he dared to love the woman of his choice In an age that had lost all trace of science and civilization he had the courage to seek and find knowledge But these were not the crimes for which he would be hunted He was marked for death because he had committed the unpardonable sin He had stood forth from the mindless human herd He was a man alone He had rediscovered the lost and holy word I I worship individuals for their highest possibilities as individuals and I loathe humanity for its failure to live up to these possibilities Ayn Rand **Foundations of a Free Society** Gregory Salmieri,Robert Mayhew,2019-03-15 Foundations of a Free Society brings together some of the most knowledgeable Ayn Rand scholars and proponents of her philosophy as well as notable critics putting them in conversation with other intellectuals who also see themselves as defenders of capitalism and individual liberty United by the view that there is something importantly right though perhaps also much wrong in Rand s political philosophy contributors reflect on her views with the hope of furthering our understandings of what sort of society is best and why The volume provides a robust elaboration and defense of the foundation of Rand s political philosophy in the principle that force paralyzes and negates the functioning of reason it offers an in depth scholarly discussion of Rand s view on the nature of individual rights and the role of government in defending them it deals extensively with the similarities and differences between Rand s thought and the libertarian tradition to which she is often assimilated and objections to her positions arising from this tradition it explores Rand s relation to the classical liberal tradition specifically with regard to her defense of freedom of the intellect and it discusses her views on the free market with special attention to the relation between these views and those of the Austrian school of economics **The Emergent Method: A Modern Science Approach to the Phenomenology and Ethics of Emergentism** Michael E. Kean,2019-02-06 Emergentism New form of Emergentism Ethics Philosophy of Mind Popular Science Self Improvement Phenomenology Existentialism Emergentism is the study and tentative explanation of how order arises in everything from quantum fluctuations to human consciousness The aim of The Emergent Method is to use the new philosophy of Emergentism and the findings of modern science to challenge the way we think and thereby help fulfil our highest purposes *Two Philosophers* James G. Lennox,Gregory Salmieri,2026-01-12 If there is a philosophical Atlas who carries the whole of Western

civilization on his shoulders Ayn Rand wrote it is Aristotle He has been opposed misinterpreted misrepresented and like an axiom used by his enemies in the very act of denying him Whatever intellectual progress men have achieved rests on his achievements Such tributes to Aristotle in Rand s writing have led many readers to study his works And a number of these including some of the contributors to this volume would go on to become scholars of both Aristotle and Rand It is fitting then that there should be an exploration of the relationship between their two philosophies This volume fosters a deeper appreciation for Ayn Rand s place in the Aristotelian tradition and in the history of philosophy more generally
