An Essay in the History of the Radical Sensibility in America L.S. Halprin, 2021-04-06 How do you use the word radical Committed to the progressive The cooperative The communal The equalitarian In so far as social political and economic power is sought and wielded in malice just so far is benevolence radical The history of social political and economic power has been mostly the history of malice The history of benevolence has been mostly the history of radicalism The sensibility that loves benevolence has been a radical sensibility In *An Essay in the History of the Radical Sensibility in America* L S Halprin argues that before the middle of the nineteenth century the work of all American radicals was organized to defend some form of sentimental faith in millennial progress that the work of the great writers of the middle of the nineteenth century was the first to be fundamentally free of the constraints of sentimentality that despite that generation's accomplishments the old sentimentalities have persisted perpetuating the cycle in which illusions designed to

make radicalism's chances seem better than they are become the disillusionments which make them seem worse Along the way Halprin unfolds something of the contribution of Edgar Allan Poe Nathaniel Hawthorne Herman Melville and Walt Whitman to the specific content of the radical sensibility in America Since the middle of the nineteenth century the radical's work has been primarily to accomplish political power That work and the frustrations of it often leave little energy for the pursuit of a thoroughgoing self-awareness Halprin's analysis is particularly useful now to remind readers of both the sentimentalities and the wisdoms from which we come *America*, 1921 *Directory* Group Research, Inc, 1962 **Embattled America** Jason Bivins, 2022 Embattled America is a reinterpretation of conservative evangelical persecution claims The centrality of such claims to American life is widely known This book however argues against standard approaches to them It interprets a range of controversial subjects and persons surrounding embattled religion from the Obama to Trump era Glenn Beck Sarah Palin the Tea Party Wallbuilders anti-sharia legislation and birthers The lesson of each episode is linked not to any iteration of religion but to a democratic fundament that is obscured in the obsession with controversial religion **History of the Pacific States of North America** Hubert Howe Bancroft, 1887 **America in the Seventies** Beth L. Bailey, 2004 The seventies witnessed economic decline in America coupled with a series of foreign policy failures events that created an air of unease and uncertainty This volume examines the ways in which Americans responded to a changing world and sought to redefine themselves *An American Ordeal* Charles DeBenedetti, Charles Chatfield, 1990 The first interpretive history that covers the antiwar movement in this country throughout the entire Vietnam era Richly illustrated with compelling photographs of the times the book chronicles the war struggle that provoked a struggle about America *The Annals of America: Great issues in American life: a conspectus*, 1968 This work is a chronological record of American life events and thought It is a comprehensive general compendium of source material containing laws speeches stories transcriptions of dialogues on the scene reports reminiscences and other primary sources Wynar Guide to Ref Books for Sch Media Cent 3d edition *Collective Behavior* Denton E. Morrison, Kenneth E. Hornback, 1976 **Academic Freedom in America** Edwin Doak Mead, 1897 **The American System of Government** John Henry Ferguson, Dean Eugene McHenry, 1969
