Domain Name Arbitration Gerald M. Levine, 2015-06-01

Domain Name Arbitration A Practical Guide to Asserting and Defending Claims of Cybersquatting Under the Uniform Domain Name Dispute Resolution Policy by Gerald M Levine Esq with a Foreword by Hon Neil A Brown QC is an invaluable for attorneys and others in the domain name ownership and investing fields The Uniform Domain Name Dispute Resolution Policy UDRP was implemented by the Internet Corporation for Assigned Names and Numbers ICANN in 1999 Between 2000 when the first domain name case was decided and 2015 there have been over 45 000 decided cases That s approximately 3 500 to 4 000 decisions annually Parties never confront each other in person as they do in a court of law The entire procedure takes place online The UDRP is a quick efficient and relatively inexpensive regime for determining rights to domain names Trademark owners can challenge domain name registrants for infringement of their rights to the exclusive use of their marks on the Internet Decisions are then posted online within 45 days of the submission of the complaint From these decisions has emerged a unique body of domain name law One of the several truths gained from the collective wisdom of panelists who decide UDRP cases is that parties often fail to understand the evidentiary demands they must satisfy to succeed Domain Name Arbitration is the most comprehensive and in depth work on the jurisprudence of domain names It fully describes and illustrates with case law the procedural process and proof elements required of the parties In addition it thoroughly explores the law governing registration and use of domain names that are identical or confusingly similar to trademarks The book provides an analytical description of the process and a step by step examination of the evidentiary elements that parties must satisfy to establish the merits of a claim or defense of infringement As the Honorable Neil A Brown Queens Counsel in Melbourne Australia writes in the book s Foreword Domain Name Arbitration puts flesh on the bones by illustrating how

jurisprudence crafted by panelists makes UDRP a living and working dispute resolution regime

A Practical Guide to the Law of Domain Names and Cybersquatting Andrew Clemson, 2019-05-16 This book provides trade mark attorneys in house lawyers and private practice solicitors with practical advice on how to avoid domain name disputes in the first place and best practice in taking action when disputes do arise

Across Intellectual Property Graeme W. Austin, Andrew F. Christie, Andrew T. Kenyon, Megan Richardson, 2020-03-12 Using as a starting point the work of internationally renowned Australian scholar Sam Ricketson whose contributions to intellectual property IP law and practice have been extensive and richly diverse this volume examines topical and fundamental issues from across IP law With authors from the US UK Europe Asia Australia and New Zealand the book is structured in four parts which move across IP regimes jurisdictions disciplines and professions addressing issues that include what exactly is protected by IP regimes regime differences overlaps and transplants copyright authorship and artificial intelligence internationalization of IP through public and private international law IP intersections with historical and empirical research human rights privacy personality and cultural identity IP scholars and universities and the influence of treatises and textbooks This work should be read by anyone interested in understanding the central issues in the evolving field of IP law

The Cambridge Handbook of International and Comparative Trademark Law Irene Calboli, Jane C. Ginsburg, 2020-09-24 Trade in goods and services has historically resisted territorial confinement but trademark protection remains territorial albeit within an increasingly important framework of multilateral treaties Trademark law therefore demands that practitioners policy makers and academics understand principles of international and comparative law This handbook assists in that endeavour with chapters describing and critically analyzing international and regional frameworks and providing comparative perspectives on the substantive issues in trademark law and related fields such as geographic indications advertising law and domain names Chapters contrast common law and civil law approaches while focusing on the US and EU trademark systems in light of the role these systems have played in the development of trademark laws Additionally this handbook covers other jurisdictions both common law and civil law on the Asia Pacific African and South American continents This work should be read by anyone seeking a better understanding of trademark law around the world
