## **Day Traders:**

**Day Trade Online** Christopher A. Farrell, 2001-10-09 The explosive growth and low cost of online trading has created a new class of investor who can now make a living buying and selling stocks over the Internet in a way that was once reserved for Wall Street's most powerful brokerage firms and investment banks. While technology has made entering the major leagues easy, staying in is not. Before taking to the fast-paced, high-risk playing field, it's absolutely essential that you have a firm grasp of the rules and a solid game plan. **Day Trade Online** is the play book novice competitors need to become strong contenders. Written by seasoned practitioner Christopher Farrell, it is a one-stop, step-by-step overview of how to make a successful living, whether full or part-time trading via the Internet. Day trading can be quite lucrative, but only if you know what you are doing. As Farrell points out, trading for a living is hard; trading for a living over the Internet is even harder. There are many challenges and obstacles that confront you. Venturing into this jungle unprepared is a recipe for disaster. This straightforward guide provides the head start and heads up necessary to thrive as an Internet day trader, covering everything from the dangers and pitfalls of trading online to an in-depth analysis of which trading techniques work and which don't. **Day Trade Online** presents inside information on the strategies of top trading firms, including the most secretive, misunderstood, and profitable function on Wall Street: exploiting the bid-ask spread. Along with complete details on this rarely revealed methodology, you'll learn about the tools needed to get started in online trading: Trading on the NYSE and NASDAQ; Which stocks to trade and which to avoid; Beating the specialists and the market makers at their own game; The dangers and pitfalls of online brokers. Most importantly, you will learn to look at ten different stocks and pinpoint which one to trade, when, at what price, and why. With the right know-how, you will then be able to apply this knowledge to every single stock that you screen. Written for the day trader by a day trader, this is indispensable reading for anyone looking to join an increasingly popular and profitable arena. I see the ads on television: Open an account and your first trade is free. Trade as many shares as you'd like for one flat fee. Free real-time quotes. Free market research. Trade stocks. Trade options. With the click of a mouse, it's that easy. Anyone can do it. I think back on my time on Wall Street: Does the little guy really have a chance from **Day Trade Online**? Yes, you do have a chance, a tremendous opportunity to day trade online. But only if you are prepared. Only if you know what you are getting into. In **Day Trade Online**, a successful online day trader walks you through the ins and outs of day trading online and provides you with everything you need to get started and be successful. This step-by-step guide will show you: How to choose and use online brokers; How to set up an online account; What equipment you will need and what it will cost; How much capital you need; What stocks to trade, when to trade them, when to stay out of the game; How to trade on margin safely and profitably; The day trader's secret weapon: a strategy for your trades. Be prepared. Get **Day Trade Online** for the tools, tips, and strategies you need to thrive as an Internet day trader. Don't make your first trade without it. **MASTER IN DAY TRADE** Marcel Souza, Unveil the secrets to financial success with **MASTER IN DAY TRADE**. This comprehensive guide is your
