Be Daring Leaders Guide:

Dare to Lead Brené Brown, 2018-10-09 1 NEW YORK TIMES BESTSELLER Bren Brown has taught us what it means to dare greatly rise strong and brave the wilderness Now based on new research conducted with leaders change makers and culture shifters she s showing us how to put those ideas into practice so we can step up and lead Don t miss the five part Max docuseries Bren Brown Atlas of the Heart ONE OF BLOOMBERG S BEST BOOKS OF THE YEAR Leadership is not about titles status and wielding power A leader is anyone who takes responsibility for recognizing the potential in people and ideas and has the courage to develop that potential When we dare to lead we don t pretend to have the right answers we stay curious and ask the right questions We don t see power as finite and hoard it we know that power becomes infinite when we share it with others We don t avoid difficult conversations and situations we lean into vulnerability when it s necessary to do good work But daring leadership in a culture defined by scarcity fear and uncertainty requires skill building around traits that are deeply and uniquely human The irony is that we re choosing not to invest in developing the hearts and minds of leaders at the exact same time as we re scrambling to figure out what we have to offer that machines and AI can t do better and faster What can we do better Empathy connection and courage to start Four time 1 New York Times bestselling author Bren Brown has spent the past two decades studying the emotions and experiences that give meaning to our lives and the past seven years working with transformative leaders and teams spanning the globe She found that leaders in organizations ranging from small entrepreneurial startups and family owned businesses to nonprofits civic organizations and Fortune 50 companies all ask the same question How do you cultivate braver more daring leaders and how do you embed the value of courage in your culture In Dare to Lead Brown uses research stories and examples to answer these questions in the no BS style that millions of readers have come to expect and love Brown writes One of the most important findings of my career is that daring leadership is a collection of four skill sets that are 100 percent teachable observable and measurable It s learning and unlearning that requires brave work tough conversations and showing up with your whole heart Easy No Because choosing courage over comfort is not always our default Worth it Always We want to be brave with our lives and our work It s why we re here Whether you ve read Daring Greatly and Rising Strong or you re new to Bren Brown s work this book is for anyone who wants to step up and into brave leadership
