Tao Te Ching: a guide to the interpretation of the foundational book of Taoism Shantena Augusto Sabbadini,2013-04-01 The Tao Te Ching is the foundational text of Taoism Traditionally considered the work of the Old Master Lao Tzu a senior contemporary of Confucius this 2500 years old text is a poetic and supremely concise formulation of some of humanity s highest wisdom Revered as a basic book of spiritual guidance throughout Chinese history it has become a beloved inspirational work in the West The present work is meant to help the Western reader to penetrate the depth and subtlety of Lao Tzu s wisdom without requiring a knowledge of the Chinese language Readers are offered a choice between various interpretations and are guided in non technical terms to explore how they originate More importantly they are also offered the possibility to hold all the various resonances of the text simultaneously just as a Chinese reader would and thus access the original wealth of meaning in a way no ordinary translation could convey
