*Turning Your Dreams into Realities* Glenn Arekion,2015-01-02 I m living the dream is an expression that is often used but hardly ever experienced Much has been said about the importance of dreams and visions for a fulfilled life Yet there are more dissatisfied people today than ever This is because without wisdom strategies and disciplines visions remain grounded Many have not reached the lofty positions that their dreams had for them due to a lack of these three fundamental forces Solomon the most successful entrepreneurial king knew the keys to success In Ecclesiastes he said For a dream cometh through the multitude of business Modern translations render this verse as A dream comes through by much business much activities and painful efforts This means merely having a dream without activities strategies and certain disciplines implemented in your life will not trigger your dream to materialize In this book you will learn YOU are the number one enterprise you need to build How to destroy the excuses people use to abort their destiny The values of goals and diversities of goals How to manage your most precious resource time The ten characteristics of the diligent The million dollar habits you need to develop Wisdom from the ants the conies the locusts and the spiders How to turn your dreams into actionable steps You want to achieve something great in your life That is how God wired you God has given you the ability to dream in order to take you out of a small place into a wealthy place Learn the necessary keys to change your life Instructions about Heart-work ... concern the affairs of Ar ma satrap of Egypt in the later fifth century Taken with other material associated with him mostly in Aramaic Demotic Egyptian and Akkadian they illuminate the Achaemenid world of which Ar ma was a privileged member and evoke a wide range of social economic cultural organizational and political perspectives from multi lingual communication storage and disbursement of resources and satrapal remuneration to cross regional ethnic movement long distance travel religious practice and iconographic projection of ideological messages Particular highlights include a travel authorization the only example of something implicit in numerous Persepolis documents texts about the religious life of the Judaeon garrison at Elephantine Ar ma s magnificent seal a masterpiece of Achaemenid glyptic inherited from a son of Darius I and echoes of temporary disturbances to Persian management of Egypt But what is also impressive is the underlying sense of systematic coherence founded on and expressed in the use of formal even formalized written communication as a means of control The Ar ma dossier is not alone in evoking that sense but its size variety and focus upon a single individual give it a unique quality Though this material has not been hidden from view it has been insufficiently explored it is the purpose of the three volumes of Ar ma and his World The Bodleian Letters in Context to provide the fullest presentation and historical contextualization of this extraordinary cache yet attempted Volume I presents and translates the letters alongside a detailed line by line commentary while Volume II reconstructs the two seals that made the clay bullae that sealed the letters with special attention to Ar ma s magnificent heirloom seal Volume III comprises a series of thematic essays which further explore the administrative economic military ideological religious and artistic environment to which Ar ma and the letters belonged
