An Excellent Life:

The Socio-Spiritual Recipes for Living an Excellent Life Olusegun Martins, 2015-04-17 This book provides eleven devotional homiletical biblical hermeneutical exegetical psychological inspirational and motivational principles on how to attain maintain as well as retain life of excellence The principles are based on the devotional study of the Bible but are explained in the lenses of biblical revelation and applied to common contemporary situations Therefore the author provides some descriptive as well as prescriptive principles toward living a life of spiritual and social excellence The major thesis of the book is that you can rise from complacency to excellence from failure to success and from nothing to something

Self-Transcendence and Virtue Jennifer A. Frey, Candace Vogler, 2018-11-06 Recent research in the humanities and social sciences suggests that individuals who understand themselves as belonging to something greater than the self a family community or religious or spiritual group often feel happier have a deeper sense of purpose or meaning in their lives and have overall better life outcomes than those who do not Some positive and personality psychologists have labeled this location of the self within a broader perspective self transcendence This book presents and integrates new interdisciplinary research into virtue happiness and the meaning of life by re orienting these discussions around the concept of self transcendence The essays are organized around three broad themes connected to self transcendence First they investigate how self transcendence helps us to understand aspects of the moral life as it is studied within psychology including the development of wisdom the practice of moral praise and psychological well being Second they explore how self transcendence is linked to virtue in different religious and spiritual traditions including Judaism Islam Christianity Buddhism and Confucianism Finally they ask how self transcendence can help us theorize about Aristotelean and Thomist conceptions of virtue like hope and piety and how this helps us to re conceptualize happiness and meaning in life **Mnemosyne's**

Altar D. L. Bradley, 2015-01-25 Born in Chicago Illinois during the Great Depression the fictionalized author narrates for his children the story of his life in the Twentieth Century His account begins with the loss of innocence during childhood and concludes with realization of his pending last moments It is an account which moves him from a life among a little known religious sect The Brethren of Northern Illinois and Wisconsin through some of the defining moments of the Twentieth Century as experienced by one who both reflects about and acts upon that which is happening *Happy Lives, Good Lives* Jennifer Wilson Mulnix, M.J. Mulnix, 2015-05-25 *Happy Lives Good Lives* offers a thorough introduction to a variety of perspectives on happiness Among the questions at issue Is happiness only a state of mind or is it something more Is it the same for everyone Is it under our control and if so to what extent Can we be mistaken about whether we are happy What role if any does happiness play in living a good life Is it sometimes morally wrong to pursue happiness Should governments promote happiness through public policy Asking and answering these questions is worthwhile not only as an intellectual exercise but also as a means of gaining practical insight into how best to pursue a happy life [The Baltimore Underwriter](#)
