Basic Bakunin

JL Elias

Basic Bakunin:

Basic Bakunin Mikhail Aleksandrovich Bakunin,1981* [The Basic Bakunin](#) Robert M. Cutler,2010-11-02 The three years covered by this anthology represent the only time in Mikhail Bakunin s life when he was able to concentrate on his work and sustain a consistent output of speeches and writings Only one of these texts has appeared before in an unabridged English translation All dating from the period of Bakunin s propaganda on behalf of the First International they thus belong to a period central to Bakunin s anarchism and mark the height of his influence during his lifetime Robert M Cutler s introduction traces the development of selected themes in Bakunin s pre anarchist thought beginning with his acquaintanceship with German idealist philosophy through his anarchist period In this way it reconstructs Bakunin s concept of the role of the International in the revolutionary movement and provides a new interpretation of his theory and practice of revolutionary organization The chronology and annotated bibliography make this collection an ideal introduction to Bakunin and a useful reference work for specialists

From Out of the Dustbin Mikhail Aleksandrovich Bakunin,1985 **Basic Bakunin** ,1993 **Direct Struggle Against Capital** Peter Kropotkin,2014-04-15 This is the most extensive collection of Peter Kropotkin s writings available in English Over half the selections have been translated for the first time or salvaged from long out of print pamphlets and newspapers Both an introduction to classic texts and a recontextualization of Kropotkin from saintly philosopher to dangerous revolutionary Direct Struggle Against Capital includes a historical introduction biographical sketch glossary bibliography and index Peter Kropotkin was one of anarchism s most famous thinkers His classic works include The Conquest of Bread and Mutual Aid A Factor of Evolution Iain McKay has edited An Anarchist FAQ volumes one and two and Property Is Theft A Pierre Joseph Proudhon Anthology [Just Property](#) Christopher Pierson,2016-07-28 Property remains the bedrock of the societies we all inhabit It underpins our core institutions including families states and economies and it is the medium through which the intensifying politics of inequality is played out There is plenty of evidence that its importance is increasing in a world of growing wealth inequality and depletion of natural resources Volume Two of Just Property traces the development of ideas about property in the Western world from the early eighteenth century through the Enlightenment and the experience of the French Revolution to the critical stance of socialists and anarchists in the nineteenth century It ranges across the thought of Bernard Mandeville David Hume Adam Smith Voltaire Rousseau Kant Hegel the Abbe de Sieyes Burke Wollstonecraft Charles Fourier Karl Marx Proudhon and Peter Kropotkin Many themes persist from an earlier period as does the influence of Christianity and the Roman Law but there are also many innovations In general the authority of God and the natural law recedes and the themes of utility and securing general welfare became more prominent In the wake of Locke labour though sometimes in the form of past labour that is capital attains a new prominence For its admirers a newly unfettered private property is the means of securing personal freedom constraining authoritarian governments promoting the arts and sciences and delivering an unprecedented improvement in the material condition of the

whole population For its critics private property is the central component in a new political economy of systemic and unlimited class exploitation It penetrates everywhere and corrupts everything that it touches With these arguments we are clearly on the terrain of modernity witnessing a set of arguments and counter arguments with which we all still struggle

Means and Ends Zoe Baker, 2023-07-25 An expansive and accessible account of anarchism as a theory of practice A new in depth look at the revolutionary strategy of anarchism in Europe and the United States between 1868 and 1939 Zoe Baker creator of a popular Youtube series on radical history and political theory brings her trademark clarity and accessibility to this debut book Cutting through misperceptions and historical inaccuracies she shows how the reasons anarchists gave for supporting or opposing particular strategies were grounded in a specific theoretical framework a theory of practice The consistent and coherent heart of anarchism Baker shows is the understanding that as people engage in activity political or otherwise they simultaneously change the world and themselves Put another way the means that revolutionaries propose to achieve social change have to involve forms of activity through which people can become individuals capable of overthrowing capitalism and the state as well as building a better society Behind this simple premise that anarchist ends can only be achieved through anarchist means lies a wealth of fascinating historical and theoretical detail that Baker presents clearly and engagingly

Anarchism and Political Modernity Nathan Jun, 2011-11-10 Anarchism and Political Modernity looks at the place of classical anarchism in the postmodern political discourse claiming that anarchism presents a vision of political postmodernity The book seeks to foster a better understanding of why and how anarchism is growing in the present To do so it first looks at its origins and history offering a different view from the two traditions that characterize modern political theory socialism and liberalism Such an examination leads to a better understanding of how anarchism connects with newer political trends and why it is a powerful force in contemporary social and political movements This new volume in the Contemporary Anarchist Studies series offers a novel philosophical engagement with anarchism and contests a number of positions established in postanarchist theory Its new approach makes a valuable contribution to an established debate about anarchism and political theory It offers a new perspective on the emerging area of anarchist studies that will be of interest to students and theorists in political theory and anarchist studies

The Palgrave Handbook of Anarchism Carl Levy, Matthew S. Adams, 2018-06-22 This handbook unites leading scholars from around the world in exploring anarchism as a political ideology from an examination of its core principles an analysis of its history and an assessment of its contribution to the struggles that face humanity today Grounded in a conceptual and historical approach each entry charts what is distinctive about the anarchist response to particular intellectual political cultural and social phenomena and considers how these values have changed over time At its heart is a sustained process of conceptual definition and an extended examination of the core claims of this frequently misunderstood political tradition It is the definitive scholarly reference work on anarchism as a political ideology and should be a crucial text for scholars students and activists alike

From Out of the Dustbin Robert M.

Cutler,1985 New Encyclopedia of Unbelief Tom Flynn,2007-04-30 A comprehensive reference work on the history beliefs and thinking of America s growing minority those who live without religion It describes and explains various aspects of atheism agnosticism secular humanism secularism and religious scepticism **The American Political Science Review** Westel Woodbury Willoughby,John Archibald Fairlie,Frederic Austin Ogg,1927 American Political Science Review APSR is the longest running publication of the American Political Science Association APSA It features research from all fields of political science and contains an extensive book review section of the discipline **Anarchy** ,1917 **Anarchy & Culture** David Weir,1997 A masterful study of the hidden roots of contemporary culture that should be read by anyone interested in how and why our intellectual landscape has changed quite dramatically since the Victorian era David Gross Encyclopedia of Philosophy Donald M. Borcherdt,2006 This volume covering entries from Abbagnano Nicola to Byzantine philosophy presents articles on Eastern and Western philosophies medical and scientific ethics the Holocaust terrorism censorship biographical entries and much more **Russian Literature in the Age of Realism** Alyssa W. Dinega,Alyssa Dinega Gillespie,2003 The second half of the nineteenth century was a turbulent and momentous time in Russian history during which were sown the seeds of the revolution that would rout the monarchy and transform Russian society in the next century In literature this was the age of the great Realist novel of the novelists and novels that first put Russian literature on the map of European culture Charles S. Peirce Charles Sanders Peirce,1998 Physicist mathematician and logician Charles S Peirce 1839 1914 was America s first internationally recognized philosopher the man who created the concept of pragmatism popularized by William James This comprehensive collection of the philosopher s writings includes Questions Concerning Certain Faculties Claimed for Man 1868 which outlines his theory of knowledge a review of the works of George Berkeley papers from between 1877 and 1905 developing the ground of pragmatism and Peirce s theory of scientific inquiry his basic concept of metaphysics 1891 93 and the important 1902 articles in Baldwin s dictionary on his later pragmatism or pragmaticism uniformity and synechism Also included are Peirce s well known essays The Fixation of Belief and How to Make Our Ideas Clear **Germ Theory and Its Applications to Medicine & on the Antiseptic Principle of the Practice of Surgery** Louis Pasteur,1996 Before the introduction of antiseptics and inoculation people commonly died due to unsanitary conditions in the home or following surgery or childbirth Between them the great scientists Louis Pasteur 1822 1893 and Joseph Lister 1827 1912 extended widely the practice of inoculation and revolutionized medical practice Pasteur s discovery that living organisms are the cause of fermentation formed the basis of the modern germ theory Following Pasteur s researches Lister proceeded to develop his antiseptic surgical methods These breakthroughs in medicine are to be reckoned among the greatest discoveries of the nineteenth century **From Out of the Dustbin: Bakunin's Basic Writings, 1869-1871; Tr. and Ed. by Robert M. Cutler** Mikhail Aleksandrovich Bakunin,1985 *Anarchist Studies* ,1997
