*Texas State Publications* Texas State Publications Depository Program,1998 Forum Non Conveniens Ronald A. Brand,Scott R. Jablonski,2007-07-27 With increased international trade transactions and a corresponding increase in disputes arising from those transactions the application of the doctrine of Forum Non Conveniens the discretionary power of a court to decline jurisdiction based on the convenience of the parties and the interests of justice has become extremely relevant when determining which country s court should preside over a controversy involving nationals of different countries Forum Non Conveniens History Global Practice and Future Under the Hague Convention on Choice of Court Agreements provides an in depth analysis of the common law doctrine of Forum Non Conveniens as it has evolved in the four major common law countries UK US Canada and Australia and looks at the similarities and differences of the doctrine among those four countries It compares Forum Non Conveniens to the more rigid analogous doctrine of Lis Alibi Pendens found in civil law countries which requires automatic deference to the court where a dispute is first filed and explains current initiatives for coordinating jurisdictional issues between the common law and civil law systems the most important of which is the 2005 Hague Convention on Choice of Court Agreements The authors explain how the Hague Convention provides a rational approach to the confluence of common law and civil law doctrines and how its application to international transactions is likely to temper judicial application of the doctrine of Forum Non Conveniens and provides greater predictability with respect to enforcement of private party choice of court agreements Forum Non Conveniens History Global Practice and Future Under the Hague Convention on Choice of Court Agreements is the only book to provide a complete explanation of Forum Non Conveniens in the context of global litigation making it a very important resource and reference work *Beyond Elite Law* Samuel Estreicher,Joy Radice,2016-04-26 This book describes the access to justice crisis facing low and middle income Americans and the current reforms to address it *United States Supreme Court Reports* United States. Davenport,2020-09-30 Exploring the little known history behind the legal doctrine of prior appropriation first in time is first in right used to apportion water resources in the western United States this book focuses on the important case of Wyoming v Colorado 1922 U S Supreme Court Associate Justice Willis Van Devanter a former Chief Justice of Wyoming ruled in that state s favor finding that prior appropriation applied across state lines a controversial opinion influenced by cronyism The dicta in the case that the U S Government has no interest in state water allocation law drove the balkanization of interstate water systems and resulted in the Colorado River Interstate Compact between Wyoming Colorado Utah New Mexico Arizona Nevada and California The exhaustive research that has gone into this book has

uncovered the secret that Associate Justice Van Devanter had waited eleven years to publish his opinion in this important but politically self serving case at last finding a moment when his senior colleagues were sufficiently absent or incapacitated to either concur or dissent Without the knowledge of his brethren save his loyal friend Taft and without recusal Van Devanter unilaterally delivered his sole opinion to the Clerk for publication on the last day of the Supreme Court s October 1921 Term
