Circus Parade:

Staging the Great Circus Parade Jim and Donna Peterson, 2016 Milwaukee was home to the Great Circus Parade for almost 30 years Beginning in 1963 and continuing until 1972 the parade became an annual tradition except in 1967 when the event was cancelled because of civil unrest Revived on a smaller scale in 1980 the parade traveled between Baraboo and Chicago until it returned to Milwaukee in 1985 Each year it grew in size and scope gaining national prominence The old fashioned circus parade became an event of mammoth proportions requiring an army of volunteers working behind the scenes

Studies and the American Film Industry James Fenwick, 2021-08-09 This book makes the case for unproduction studies the study of films left unmade unseen or unreleased as a radical discipline with the potential to uncover a shadow history of the American film industry Exploring the archival methods that can be utilised in this endeavour James Fenwick argues that a revisionist history is needed to understand the logic of the film industry finding that it has long been predicated on a system of unmade creativity in which finances resources and labour is invested into projects that production companies know will never be produced or have no intention of ever producing Using the Production Code Administration PCA records housed at the Margaret Herrick Library as a case study the book explores the material existence of the unmade and considers how archives and archival methods can be used to construct a shadow history that recovers the forgotten marginalised and overlooked figures in film history providing explanations for structural forces that contributed to the unmade Given its unique use of the unmade as an analytic for film history this book will be an essential read for scholars interested in film and media history performance studies film production and creative practice as well as to archivists and archival researchers
