City Psalms:

City and Country Richard J. McQueen, Fernand D'AMICO, Jacques WISMAN, 2011-02-17 The subject of the City and Country based on the research topics conducted by Fernand D Amico and Jacques Wisman is proposed in this book as a themed walk through the passages of Scripture from the Old and New Testament The biblical text KJV is presented deliberately devoid of additional comments to offer an immediate and direct perception of the selected track The thematic reading of the biblical text opens to the reader as a fascinating experience that allows him to benefit in a short time a surprising and rich picture of content The city and the country are actually mirrored a multitude of people living in the same space sharing a set of factors and aggregating factors including religion This is reality which reflect a collective feeling that responds unconscious mechanisms and organic assimilation of undergoing an interaction as is testified by reading the biblical text

City of God, City of Satan Robert C. Linthicum, 2011-03-01 Why is the city a battleground of hostile principalities and powers What is the mission of the church in the city How can the church be supported in accomplishing that mission These are the questions that Robert Linthicum treats in his comprehensive and probing biblical theology of the city In the Bible the city is depicted both as a dwelling place of God and his people and as a center of power for Satan and his minions The city is one primary stage on which the drama of salvation is played out And that is no less the case at the end of this pivotal century as megacities become the focal point of most human activity and aspirations around the world This is a timely theology of the city that weaves the theological images of the Bible and the social realities of the contemporary world into a revealing tapestry of truths about the urban experience Its purpose is to define clearly the mission of the church in the midst of the urban realities and to support well the work of the church in the urban world
