Civil War Commanders

Philip Katcher

Civil War Commanders:

American Civil War Commanders (2) Philip Katcher,2002-11-13 Osrpey s examination of the commanders of the American Civil War 1861 1865 The generals who led the brigades divisions corps and armies of the Confederacy were very largely products of the same professional backgrounds as their opponents in Union blue indeed many of them were former West Point classmates and brother officers in the pre war US Army who had served together on the frontier or in the Mexican War In terms of field experience they were also similar to the vast majority of Union commanders none of them had ever commanded so much as a brigade before 1861 and they had to learn by trial and error Some whose pre war record had promised much were to fail the test of war some more obscure officers were to rise to the challenge remarkably This first of two volumes devoted to the Confederate generals details the careers personalities and appearance of 25 commanders who made their names mainly with the Army of Northern Virginia in the Eastern theater of war **The Commanders** Robert M. Utley,2018-02-01 Taking a novel approach to the military history of the post Civil War West distinguished historian Robert M Utley examines the careers of seven military leaders who served as major generals for the Union in the Civil War then as brigadier generals in command of the U S Army s western departments By examining both periods in their careers Utley makes a unique contribution in delineating these commanders strengths and weaknesses While some of the book s subjects notably Generals George Crook and Nelson A Miles are well known most are no longer widely remembered Yet their actions were critical in the expansion of federal control in the West The commanders effected the final subjugation of American Indian tribal groups exercising direct oversight of troops in the field as they fought the wars that would bring Indians under military and government control After introducing readers to postwar army doctrine organization and administration Utley takes each general in turn describing his background personality eccentricities and command style and presenting the rudiments of the campaigns he prosecuted Crook embodied the ideal field general personally leading his troops in their operations though with varying success Christopher C Augur and John Pope in contrast preferred to command from their desks in department headquarters an approach that led both of them to victory on the battlefield And Miles while perhaps the frontier army s most detestable officer was also its most successful in the field Rounding out the book with an objective comparison of all eight generals performance records Utley offers keen insights into their influence on the U S military as an institution and on the development of the American West **Abraham Lincoln And Jefferson Davis: A Comparison Of Civil War Commanders In Chief** L-Comdr Michael S. Trench,2014-08-15 This is a study of the effectiveness of Abraham Lincoln and Jefferson Davis as Commanders in Chief during the Civil War It begins by comparing their backgrounds prior to assuming the Presidency then comparing their military strategies and command structures The final area of comparison is their involvement in the first military draft in American history Davis had extensive government and military experience but exhibited personality traits early on that later hampered his performance as a war time Commander in Chief Lincoln had very

little experience but excelled at dealing with people Lincoln tried several staff arrangements before finally appointing Grant as General in Chief Davis changed his structure very little throughout the war Although he appointed Lee as General in Chief in the first year he lost his services by placing him in command of a field army Both faced strong challenges from a powerful governor over the draft Davis first tried to win over the governor then appealed directly to the people Lincoln publicly kept distant from the draft and worked behind the scenes

The Warrior Generals Thomas Buell,1998-03-31 master historian gives readers a fresh new picture of the Civil War as it really was Buell examines three pairs of commanders from the North and South who met each other in battle Following each pair through the entire war the author reveals the human dimensions of the drama and brings the battles to life 38 b w photos

The Civil War Generals Robert I. Girardi,2013-11-15 An excellent contribution to Civil War literature A n excellent reference resource Civil War buffs in particular will greatly enjoy this book ArmchairGeneral.com The Civil War Generals offers an unvarnished and largely unknown window into what military generals wrote and said about each other during the Civil War era Drawing on more than 170 sources including the letters diaries and memoirs of the general officers of the Union and Confederate armies as well as their staff officers and other prominent figures Civil War historian Robert Girardi has compiled a valuable record of who these generals were and how they were perceived by their peers The quotations within paint revealing pictures of the private subjects at hand and just as often the people writing about them a fascinating look at the many diverse personalities of Civil War leadership More than just a collection of quotations The Civil War Generals is also a valuable research tool moving beyond the best known figures to provide contemporary character descriptions of more than four hundred Civil War generals The quotes range in nature from praise to indictment and differing opinions of each individual give a balanced view making the book both entertaining and informative A truly one of a kind compilation illustrated with approximately one hundred historical photographs The Civil War Generals will find a home not only with the casual reader and history buff but also with the serious historian and researcher

Generals in Gray Ezra J. Warner, Jr.,2006-04-15 When Generals in Gray was published in 1959 scholars and critics immediately hailed it as one of the few indispensable books on the American Civil War Historian Stanley Horn for example wrote It is difficult for a reviewer to restrain his enthusiasm in recommending a monumental book of this high quality and value Here at last is the paperback edition of Ezra J Warner s magnum opus with its concise detailed biographical sketches and in an amazing feat of research photographs of all 425 Confederate generals The only exhaustive guide to the South s command Generals in Gray belongs on the shelf of anyone interested in the Civil War

Corps Commanders in Blue Ethan S. Rafuse,2014-11-04 The outcomes of campaigns in the Civil War often depended on top generals having the right corps commanders in the right place at the right time Mutual trust and respect between generals and their corps commanders though vital to military success was all too rare Corps commanders were often forced to exercise considerable discretion in the execution of orders from their generals and bitter public arguments over commanders

performances in battle followed hard on the heels of many major engagements. Controversies that arose during the war around the decisions of corps and army commanders such as Daniel Sickles's disregard of George Meade's orders at the Battle of Gettysburg continue to provoke vigorous debate among students of the Civil War.

Corps Commanders in Blue offers eight case studies that illuminate the critical roles the Union corps commanders played in shaping the war's course and outcome. The contributors examine and in many cases challenge widespread assumptions about these men while considering the array of internal and external forces that shaped their efforts on and off the battlefield. Providing insight into the military conduct of the Civil War, *Corps Commanders in Blue* fills a significant gap in the historiography of the war by offering compelling examinations of the challenges of corps command in particular campaigns, the men who exercised that command, and the array of factors that shaped their efforts for good or for ill.

Civil War Commanders Dean S. Thomas, 1988-01-01
Presents a photographic image and capsule biography of over one hundred Union and Confederate officers. [American Civil War Commanders \(4\)](#)

Philip Katcher, 2003-09-25
Osprey's study of the commanders of the American Civil War 1861-1865. In the Western theater of war the Confederacy had the misfortune to face with inferior resources some of the outstanding Union leaders early in their careers. The Southern commanders who faced Grant, Sherman, and Sheridan in these campaigns were of varied backgrounds and talents; some had been sent West in disfavour, others were foolishly quarrelsome, and after A.S. Johnston's death at Shiloh there was no single figure with the authority to dominate them. Some were nevertheless of the highest class, men like Joseph E. Johnston, the cavalry leader Nathan Bedford Forrest, and the little-known Patrick Cleburne, and Alexander Stewart earned ungrudging respect. This book details the careers, personalities, and appearance of 24 generals of the Army of Tennessee and the other Confederate commands in the West.

American Civil War Commanders (3)
Philip Katcher, 2003-03-11
Osprey's examination of the commanders of the American Civil War 1861-1865. When the War Between the States broke out in 1861, the US Army had only four line generals, and three of those were over 70 years of age and veterans of the Napoleonic period. About one in three of America's professional officers chose to serve the Confederacy, and the government's urgent need to find commanders for its vastly expanded army put stars on the shoulders of men of very varied backgrounds and talents. The trials of war would soon separate the born leaders from the over-promoted and the political opportunists. This second volume, devoted to Union generals, examines the careers and personalities of 25 commanders whose service was mainly or at first in the Western theater of war.

Civil War High Commands John Eicher, David Eicher, 2002-06-01
Based on nearly five decades of research, this magisterial work is a biographical register and analysis of the people who most directly influenced the course of the Civil War: its high commanders. Numbering 3,396, they include the presidents and their cabinet members, state governors, general officers of the Union and Confederate armies, regular, provisional, volunteers, and militia, and admirals and commodores of the two navies. *Civil War High Commands* will become a cornerstone reference work on these personalities and the meaning of their commands and on the Civil War itself.

Errors of fact and interpretation concerning the high commanders are legion in the Civil War literature in reference works as well as in narrative accounts. The present work brings together for the first time in one volume the most reliable facts available drawn from more than 1 000 sources and including the most recent research. The biographical entries include complete names, birthplaces, important relatives, education, vocations, publications, military grades, wartime assignments, wounds, captures, exchanges, paroles, honors, and place of death and interment. In addition to its main component, the biographies, the volume also includes a number of essays, tables, and synopses designed to clarify previously obscure matters such as the definition of grades and ranks, the difference between commissions in regular, provisional, volunteer, and militia services, the chronology of military laws and executive decisions before, during, and after the war, and the geographical breakdown of command structures. The book is illustrated with 84 new diagrams of all the insignias used throughout the war and with 129 portraits of the most important high commanders.

Generals in Blue Ezra J. Warner, Jr., 1964-06-01 *The Memoirs of the Civil War Commanders* Raphael Semmes, Abraham Lincoln, Jefferson Davis, William Sherman, Ulysses Grant, 2023-11-09

The *Memoirs of the Civil War Commanders* provides an unparalleled examination of the American Civil War through diverse narratives that embody the tumultuous era's complexities. This anthology brings together a rich tapestry of first-hand accounts from commanding figures, capturing strategic insights, personal struggles, and the ideological divides that fueled one of the nation's most defining conflicts. From vivid battlefield descriptions to poignant reflections on leadership and legacy, the collection encapsulates a broad spectrum of literary styles, each contributing uniquely to the historical record. Highlights include strategic dissections of critical battles and vivid portrayals of the human side of command, offering readers a profound sense of the war's historical and emotional landscape. The authors featured in this anthology, including notable figures like Raphael Semmes, Abraham Lincoln, Jefferson Davis, William Sherman, and Ulysses Grant, represent a cross-section of the era's most influential military leaders. Together, their writings converge to shed light on the varied motivations and experiences that defined the Civil War's adversaries. The narratives echo themes central to 19th-century political and military thought, providing a multidimensional perspective on the cultural and ideological currents that shaped this critical period. Recommended for readers and scholars alike, *The Memoirs of the Civil War Commanders* serves as a vital educational resource, offering an immersive journey into the minds of those who shaped history. This anthology is not just a collection of memoirs but a dialogue across time that invites reflection on leadership, conflict, and reconciliation. Its robust compilation of perspectives equips readers with a nuanced understanding of the American Civil War, as well as the intricate lives of its key historical figures.

American Civil War Commanders (1) Philip Katcher, 2002-04-25

Osprey's study of the commanders of the American Civil War, 1861-1865. When the War Between the States broke out in 1861, the US Army had only four line generals, and only one of them was not a septuagenarian veteran of the War of 1812. With about one-third of all professional officers choosing to offer their swords to the South, the government's urgent need to find

commanders for the vastly expanded Federal army put generals stars on the shoulders of men of very varied backgrounds and talents In time the shock of war would separate the born leaders from the over promoted and the political opportunists This first of four volumes examines the careers and often colorful personalities of nearly 30 Union generals whose service was mainly in the Eastern theater of war [Captains of the Civil War: A Chronicle of the Blue and the Gray](#) William Wood,2019-11-26 In Captains of the Civil War A Chronicle of the Blue and the Gray William Wood offers a meticulously researched exploration of the key military leaders during the American Civil War analyzing their strategies battles and personal narratives against the backdrop of a nation divided Wood s literary style combines vivid storytelling with analytical rigor illuminating both the heroism and the human flaws of figures such as Ulysses S Grant and Robert E Lee The book situates itself within the broader discourse on military history providing context to the human experience of warfare the consequences of leadership choices and the harsh realities of conflict in 19th century America William Wood an esteemed historian and author with a keen interest in American history draws upon his scholarly background and extensive archival research to craft this compelling narrative His previous works have often focused on military leadership and its impact on American identity making him uniquely qualified to undertake this detailed examination of Civil War captains Wood s passion for the subject shines through as he seeks to give voice to both the celebrated and overlooked figures of this turbulent era Captains of the Civil War is a must read for history enthusiasts scholars and anyone interested in understanding the complexities of leadership in times of crisis Wood s balanced portrayal not only aids readers in comprehending the dynamics of the Civil War but also prompts a deeper reflection on the nature of leadership itself This book is invaluable for those seeking insight into the past and its reverberations in contemporary America **Generals South, Generals North** Alan Axelrod,2011-03-01 With April 12 2011 set to mark the 150th anniversary of the start of the Civil War at Fort Sumter the time is ripe for a new assessment of the conflict s most influential and controversial military leaders Generals South Generals North highlights twenty four such commanders twelve each from the Confederacy and the Union Best selling author and military historian Alan Axelrod presents a biography of each narrates the major engagements in which each fought emphasizing tactical leadership and outcome produced and explores each man s ever controversial reputation His consequent rankings are based on both historical and modern day sources Each profile is accompanied by callout quotations photographs of the general additional illustrations such as battle depictions and a map depicting either a major engagement or the general s movements throughout the war The result is an ideal quick reference for Civil War buffs and a beautiful addition to the library of general readers that is sure to start as many arguments as it settles [The Great Commanders of the American Civil War](#) Kevin J. Dougherty,2017-03 In The Great Commanders of the American Civil War the best military leaders of both sides are pitted against each other and their strengths and weaknesses examined Robert E Lee versus George Meade at Gettysburg Ulysses S Grant versus Albert Sidney Johnston at Shiloh William Tecumseh Sherman versus John Bell

Hood in the March to the Sea along with eight other pairs The book also explores a decisive battle between each pair of adversaries highlighting the decisions made and why the battle was won Each featured battle includes a contextual introduction a description of the action and an analysis of the aftermath A specially commissioned color map illustrating the dispositions and movement of forces brings the subject to life and helps the reader grasp the course of each battle Featuring full color illustrations paintings and photographs alongside the battle maps

Intimate Strategies of the Civil War Carol K. Bleser, Lesley J. Gordon, 2001-11-01 Carol K Bleser and Lesley J Gordon assemble an impressive array of leading scholars to explore the marriages of six Confederate and six Union commanders Contributors reveal that for many of these men the matrimonial bond was the most important relationship in their lives one that shaped and was shaped by their military experience In some cases the commanders spouses proved relentless and skillful promoters of their husbands careers Jessie Fr mont drew on all of her connections as the daughter of former Senator Thomas Hart Benton to aid her modestly talented husband John Others bolstered their military spouses in less direct ways

Generals in Bronze William B. Styple, 2005 In the decades that followed the American Civil War Artist James E Kelly 1855 1933 conducted in depth interviews with 40 union Generals in an effort to portray them in their greatest moment of glory

Great Commanders of the Civil War Head to Head Kevin Dougherty, 2009-09-01
