Basic Functions Of Language Reading And Reading Disability:

Basic Functions of Language, Reading and Reading Disability Evelin Witruk, Angela D. Friederici, Thomas Lachmann, 2012-12-06 The present book contains selected contributions from the international conference Basic Mechanisms of Language and Language Disorders This conference was held in Leipzig in September 1999 and was organized by the Department of Psychology at the University of Leipzig in collaboration with the Max Planck Institute of Cognitive Neuroscience and the Max Planck Institute for Evolutionary Anthropology It was held to commemorate the 120th anniversary of the foundation of the world's first institute of experimental psychology by Wilhelm Wundt in Leipzig This edition examines new results from different fields of psychology and neuro psychology of language reading and reading disability The presented book focuses on the following main topics BASIC FUNCTIONS OF LANGUAGE ACQUISITION AND LANGUAGE COMPREHENSION BASIC FUNCTIONS OF READING BASIC FUNCTIONS OF READING DISABILITY The title Basic Functions of Language Reading and Reading disability expresses the interdisciplinary character of the book It aims not only at bringing together different theoretical approaches but also at connecting these approaches with applied work Since it is necessary to understand basic functions of language and reading in order to understand reading disability the present book strives to foster a scientific exchange and to promote the emergence of synergy effects between the different fields

The Impact of Learning to Read on Visual Processing Tânia Fernandes, Regine Kolinsky, 2016-01-26 Reading is at the interface between the vision and spoken language domains An emergent bulk of research indicates that learning to read strongly impacts on non linguistic visual object processing both at the behavioral level e g on mirror image processing enantiomorphy and at the brain level e g inducing top down effects as well as neural competition effects Yet many questions regarding the exact nature locus and consequences of these effects remain hitherto unanswered The current Special Topic aims at contributing to the understanding of how such a cultural activity as reading might modulate visual processing by providing a landmark forum in which researchers define the state of the art and future directions on this issue We thus welcome reviews of current work original research and opinion articles that focus on the impact of literacy on the cognitive and or brain visual processes In addition to studies directly focusing on this topic we will consider as highly relevant evidence on reading and visual processes in typical and atypical development including in adult people differing in schooling and literacy as well as in neuropsychological cases e g developmental dyslexia We also encourage researchers on nonhuman primate visual processing to consider the potential contribution of their studies to this Special Topic

Language and Literacy Development James P. Byrnes, Barbara A. Wasik, 2009 Children's speaking reading and writing skills are closely connected and this engaging text guides preservice and practicing teachers in choosing instructional strategies that promote the integrated development of these skills The authors explore the foundations of language in the developing brain and show how language acquisition in early childhood influences later literacy and language use Chapters cover phonological skills vocabulary grammatical

knowledge comprehension and writing as well as instructional techniques and programs The book examines why some students struggle with particular language and literacy tasks and how motivation and sociocultural factors affect proficiency Rich classroom vignettes and examples of effective teaching strategies are accompanied by accessible explanations of relevant research
