Rupani, 2021-07-19 Every relationship goes through ups and downs and no matter how much ever you try to be happy together there will be times when two individuals will stand opposite each other because of different views on the same point At this point how you handle the situation and understand each other shows maturity and strength in the relationship This numerology book based on relationship compatibility will not tell you who will win or lose the discussions and fights It will not tell you whether the relationship between two numbers is a thumbs up or thumbs down because no number is good or bad right or wrong and so judging someone on the basis of just numbers is incorrect What this book can rightfully do is to help you find the hurdles or differences that can probably occur in the relationship Knowing the potential differences and personality traits in advance can guide you in taking the correct steps before getting into a relationship This book allows you to see the potential troubles in a relationship along with its possible outcomes This book also helps give you key advice and suggestions for each relationship that you can apply and refer to in daily life *How the English Language Controls the World* Jack Tafoya, 2009-10-07 CAN ONE BOOK CHANGE THE WORLD The answer is a resounding Yes In his first book Jack Tafoya unveiled *How NUMBERS CONTROL OUR LIVES* This book goes a step further to challenge the two all time best sellers in a way never seen before Jack explains the covert connection between the bible The Word of God and the dictionary God of The Words And more importantly how the English Language controls our civilization This book explains how the English Language is the source of power behind religion education and the government the ultimate tool of social control that hidden and powerful interests use to enslave us It shows how the dictionary defines the way thoughts and concepts are formed using English as the language medium It also reveals how the bible defines

behaviorism religious beliefs and social mores while serving as a foundation for government in the U S Canada and Britain This one of a kind book offers you a very clever and provocative look at how the English Language is used to manipulate people s thoughts and how America has become the pawn to control the worlds masses It lays out clearly how language shapes human thought via the media and how large bodies of human thought energy can shape events It takes the reader deep into the mystery surrounding the origins of the English Language the most ingenious and diabolical mind control tool ever devised by man How could anything be more powerful dictatorial and persuasive than this This book has the answers painstakingly brought forth by its author over many years of deep research It explores how separate languages were selectively merged together to form a powerful covert tool This synthesis became the vicarious confusing Universal English Language that controls us all
