Citizen Summitry C Marilyn Carlson Nelson, 1987-05 **The Handbook of Conflict Resolution** Peter T. Coleman, Morton Deutsch, Eric C. Marcus, 2014-04-07

Praise for *The Handbook of Conflict Resolution* This handbook is a classic It helps connect the research of academia to the practical realities of peacemaking and peacebuilding like no other It is both comprehensive and deeply informed on topics vital to the field like power gender cooperation emotion and trust It now sits prominently on my bookshelf

Leymah Gbowee Nobel Peace Prize Laureate *The Handbook of Conflict Resolution* offers an astonishing array of insightful articles on theory and practice by leading scholars and practitioners Students professors and professionals alike can learn a great deal from studying this Handbook

William Ury Director Global Negotiation Project Harvard University coauthor *Getting to Yes* and author *The Third Side* Morton Deutsch Peter Coleman and Eric Marcus put together a handbook that will be helpful to many I hope the book will reach well beyond North America to contribute to the growing worldwide interest in the constructive resolution of conflict This book offers instructive ways to make this commitment a reality

George J Mitchell Former majority leader of the United States Senate former chairman of the Peace Negotiations in Northern Ireland and the International Fact Finding Committee on Violence in the Middle East chairman of the board Walt Disney Company senior fellow at the School of International and Public Affairs Columbia University

Let s be honest This book is just too big to carry around in your hand But that s because it is loaded with the most critical essays linking the theory and practice of conflict resolution *The Handbook of Conflict Resolution* is heavy on content and should be a well referenced resource on the desk of every mediator as it is on mine

Johnston Barkat Assistant Secretary General Ombudsman and Mediation Services United Nations *World Constitutionalism* Carmo D'Souza, Anthony D'Souza, 2009-03-26

Intellectual quest for World Order is as old as the history of mankind Saints and sages religious visionaries and philosophers from all great civilizations have left their valuable contributions on the peaceful sands of time However much of this wealth has been obliterated by other events of history wherein power might and grandeur were used as the instruments of exploitation by a section of human beings

Time has come to research on the past and on its basis to analyze the present and visualize a future for a just world order

In *World Constitutionalism* over two dozen scholars academicians administrators and leaders of civil society have come together to pen their innovative ideas It is an attempt to carry their vision over national barriers through the realms of Human Rights Environmental Law Feminist Justice Global Democracy and so on

In the fast evolving twenty first century *World Constitutionalism* is already exploding on the global scene in all fields of life as human race finds enlightenment through information and networking revolution technology development and conscious spiritual awakening taking place from East to West

World Constitutionalism endeavours to foster scientific study of world governance as a multi disciplinary subject with an added flavour of law to give it special sanctity in the minds of the Peoples of the World

The book is an addition to the growing movement for World Unity that presently
