## **Civic Repentance:**

Repentance Amitai Etzioni, David E. Carney, 2000-01-01 There is no consensus about what someone who has violated society's rules must do in order to be fully restored to the community. Although repentance is a prominent idea in religions ranging from Judaism, Christianity, and Islam to Buddhism and Hinduism, its use in civic culture is vague and inconsistent. For example, is remorse the same as repentance? Drawing from a variety of religious and civic perspectives, the renowned contributors to this book, from the fields of theology, philosophy, and the social sciences, offer a broad understanding of repentance and its many applications. The essays question the legitimacy of repentance as a religious concept for the civic culture, exploring the way in which the religious origins of repentance might both illuminate and facilitate our civic usage of the idea. Excellent for theologians, philosophers, moral ethicists, and anyone asking, "Who deserves a second chance?" Civic Repentance Amitai Etzioni, 1999 This collection of essays by scholars of diverse backgrounds explores the notion of repentance in our culture, focusing on individuals who have been excluded from society as a result of violating its laws. What must these individuals do to gain redemption and be readmitted? Amitai Etzioni argues that the lack of a well-grounded concept of civic repentance has significant negative social consequences for our society. Denying people the opportunity to regain their social standing and membership in their communities is simply unfair, and the absence of such opportunities for restoration through repentance exacts heavy social costs. The essays in this collection address these issues from a variety of perspectives and discuss possible ways of filling this void, including restorative justice, physician rehabilitation programs, and religious reconciliation rituals. *Repentance* Amitai Etzioni, David Carney, 1997 Drawing from a variety of religious and civic perspectives, the renowned contributors to this book, from the fields of theology, philosophy, and the social sciences, offer a broad understanding of repentance and its many applications. The essays question the legitimacy of repentance as a religious concept for the civic culture, exploring the way in which the religious origins of repentance might both illuminate and facilitate our civic usage of the idea. **Configuring Community** Parvati Nair, 2004 Annotation The concept of community has become central to constructions of Spanish identities since the Transition to democracy. Contemporary Spain witnesses a political, social, and economic resurgence of community, which both cuts across and is prioritized over nation. Yet few studies of contemporary Spanish culture deal with this concept. This book aims therefore to fill a gap in Spanish cultural studies by providing an in-depth analysis of the intersections of theories, narratives, and concepts of community identities across a broad range of media. Literature, film, music, and photography are analysed here in order to explore the diverse means by which community is imagined and constructed. This is a strongly interdisciplinary study bringing together cultural studies and ethnography. The specific texts that are analysed are located within a larger framework provided by Spain's involvement in processes of globalization. Unusual in this study therefore is the use of fieldwork and interview, as well as the application of the work of cultural theorists to the Spanish context. This book thus extends the field of Spanish cultural

studies through its original and deliberate examination of community it is equally relevant to a more general reading public interested in the diverse media covered here By the same token this book is of relevance to scholars in the Arts Social Sciences and Humanities through its exploration and application of the ideas of theorists of modernity space and time BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved The Invisible Alliance Elyn Kaschak,2021-02-25 Explore the relationship between psychology and spirituality from a feminist perspective From the editor There are forces in the universe about which we know nothing and can learn nothing through empiricism and material means Such forces can be invoked in the process of therapy to assist in healing to deepen experience and to free us from the confining limits of the human mind This is a book about the spiritual within each of us and about spirituality as it extends beyond any of us to embrace all of us It deals with inspiration and passion sorrow and loss meaning and depth It focuses upon the relationship between matters of spirit and of psychology leading to new treatments within the parameters of psychotherapy that extend its vision far beyond the treatment of affliction *The Invisible Alliance Psyche and Spirit in Feminist Therapy* provides you with a comprehensive review of multiculturalism and its relationship with feminism and spirituality and explores ways to incorporate Jewish principles and beliefs into feminist therapy the application of religious sources of passion and perspective to parenting and working with children ways to combine Christian and Wiccan philosophies in therapy a provocative approach for integrating Christian biblical teachings into feminist therapy for survivors of sexual abuse ways that Buddhist ideas can enrich the understanding of the self and identity a case study of ancient healing traditions used by Latinas criteria for therapists to use in deciding whether to work with clients dealing with spiritual religious issues or refer them to someone more appropriate a way to use the power of ritual to heal and give more meaning to important life transitions

*Church in an Age of Global Migration* Susanna Snyder, Agnes M. Brazal, Joshua Ralston, 2016-04-29 Migration has become a defining feature of the contemporary age It has brought about significant changes in political economic social and religious landscapes This volume explores a question that has been little considered to date how are churches being transformed in the face of global migration The book features contributors from diverse national denominational cultural professional and linguistic backgrounds Their essays reveal the ways in which migrants and the phenomenon of migration expose longstanding gaps and failings within Christian communities However the prevalence of migration and migrants simultaneously opens up fresh possibilities for churches to grow renew becoming more authentic dynamic and diverse *Church in an Age of Global Migration* presents a collage of embodied ecclesial practices understandings and realities that have emerged and are continuing to develop in the face of global migration Committed to transnational and ecumenical dialogue and to integrating practical and theoretical perspectives this volume is the first to offer an in depth analysis of the ways in which churches are being changed by migrants **Sacred Therapy** Estelle Frankel, 2005-03-08 In *Sacred Therapy* Estelle Frankel travels to the heart of Jewish mysticism to reveal how people of any faith can draw upon this rich body of

teachings to gain wisdom clarity and a deeper sense of meaning in the midst of modern life In an engaging and accessible style Frankel brings together tales and teachings from the Bible the Talmud Kabbalah and the Hasidic traditions as well as evocative case studies and stories from her own life to create an original inspirational guide to emotional healing and spiritual growth

**Repentance in Civic and Religious Traditions** Amitai Etzioni,1998      **Christian Ethics Introduced** Hans O. Tiefel,2024-03-11 Christian Ethics Introduced asks why humans count as ends in themselves The biblical answer was is that humans have standing inherent worth as creatures in the image of God This traditional answer yielded to seventeenth and eighteenth century enlightenment secularism To these secularists human reason promised to be a surer and more peaceable foundation for a just culture than religion Human rationality the light of human reason would enlighten and improve the human condition Two world wars and more realistic trends in new social sciences created not just awareness of human irrationality but fostered skepticism of sound foundations for morality and justice It seemed that both traditional religion and enlightened reason fell short of what had been hoped And the cause of failure may not lie in traditional religion or in human irrationality Rather the problem might lie in human conduct Specifically it may lie in the human inclination to favor self over others of the me outranking the we Christian responses to the human failure to live a moral and just life recognize the persistence of immoral conduct acknowledge it in regard to oneself ask for forgiveness and make amends and peace with God and with those wronged
