A History of Civil Litigation Frank J. Vandall, 2011-01-17 A History of Civil Litigation Political and Economic Perspectives by Frank J Vandall studies the expansion of civil liability from 1466 to 1980 and the cessation of that growth in 1980 It evaluates the creation of tort causes of action during the period of 1400 1980 Re evaluation and limitation of those developments from 1980 to the present are specifically considered The unique focus of the book is first to argue that civil justice no longer rests on historic foundations such as precedent fairness and impartiality but has shifted to power and influence Reform in the law legislative judicial and regulatory is today driven by financial interests not precedent not a neutral desire for fairness and not to make it better It uses products cases and policies for much of its argument These policies can be summarized as a shift from a balanced playing field negligence to one that favors injured consumers The strict liability foreshadowed by Judge Traynor in *Escola v Coca Cola* 1944 was not adopted until 1962 when Traynor wrote the majority opinion in *Greenman v Yuba Power Products* for the California Supreme Court Second the book examines the role of persuasive non governmental agencies such as the American Law Institute in reforming and shaping civil justice Never has it been less true that we live under the rule of law Congress agencies and the courts make the law but they are driven by those who have a large financial stake in the outcome Today those with power shape the character of products liability law at every turn

Police Reform Tim Prenzler, Janet Ransley, 2002 Police Reform Building Integrity is about the recurring problem of police corruption and contemporary efforts to find effective strategies to maximise ethical conduct It draws on international experience using Australia as a major source In the last fifteen years Australian policing has been of significant interest because of the combination of advanced democratic processes expos s of serious police corruption and extensive sometimes radical experimentation with prevention strategies The book begins with an overview of developments and issues in police integrity control globally before giving close attention to special problem areas and to innovations in establishing and maintaining best practice These innovations include modern methods of testing police applicants assessing organisational integrity mediating complaints using stings to reveal secretive corruption creating integrity profiles of officers and units and developing effective independent oversight and investigation of complaints The book is for all stakeholders in police conduct police managers professional standards branch personnel general duties officers recruits civilian oversight agencies civil libertarians politicians police studies
