## **Civilized Demons:**

*The Civilized Demons: The Harappans in Rigveda* Malati J. Shendge, 2003-06 Myth and mysticism have reigned supreme in Rgvedic interpretation for more than two millennia and a half. Even now it cannot be said to be free of these. This study aims at completing the process of rational inquiry in Rgveda begun two centuries ago. It leaves behind myths and mystic experiences simultaneously drawing the line between fact and fancy which has eluded the scholars. Two types of evidence literary and archaeological have been used. Literary evidence ranges from Rgveda to the Brahmanas. The Archaeological material covers pre Harappan, Harappan and post Harappan levels. Through the interdisciplinary approach consisting of linguistic, anthropological and symbolical analysis of the material, the study emphasizes a consistently rational attitude to the study of Rgveda. In fact, as the study amply demonstrates, the fresh air of reason may change our understanding of Rgveda and also of ancient Indian history. Rgvedic hymns from this viewpoint may probably prove to be a valuable source of information of the historical events which led to the downfall of the pre Aryan Indus civilization. This is correlated to the archaeological material available on the Harappan sites. This is the first investigation of its kind and the conclusions of the study are no less original. Besides establishing the rationality of the Rgvedic narratives, it shows the events and their agents to be historical in the light of available archaeological material. The theory and the approach hold out a promise and may transform our understanding of these ancient compositions from myth to history.

Immortals, The Series: A paranormal romance collection Jennifer Ashley, 2025-01-31 In the world of the Immortals, vampires, shape shifters, and other magical beings exist side by side with humans, sometimes benevolently, sometimes violently. The Immortal warriors were born and bred to keep the forces of death magic at bay, a challenge in a world that has forgotten what the Immortals were for. The Calling Amber has never heard of the Immortals, ancient warriors who aid those in trouble summoned by the Calling spell. She only learns about them when Adrian, the oldest Immortal, crashes into the deserted warehouse where she's fighting the demon who murdered her sister and proceeds to wreak havoc. Amber is drawn to this hard-edged man who looks more like a biker than an ancient warrior and finds herself falling for his dark eyes, warm voice, and incredible magic. Together they begin a quest to find Adrian's brother Tain, lost for centuries. But they soon discover that the problem touches a far greater plan that puts the entire world in danger, a scheme that only the Immortals can hope to stop.

The Gathering Leda Stowe loves living on her tiny island off the California coast, taking care of rescued exotic animals. Wang,2023-11-20 Lineages Embedded in Temple Networks explores the key role played by elite Daoists in social and cultural life in Ming China notably by mediating between local networks biological lineages territorial communities temples and festivals and the state They did this through their organization in clerical lineages their own empire wide networks for channeling knowledge patronage and resources and by controlling central temples that were nodes of local social structures In this book the only comprehensive social history of local Daoism during the Ming largely based on literary sources and fieldwork Richard G Wang delineates the interface between local organizations such as lineages and temple networks and central state institutions The first part provides the framework for viewing Daoism as a social institution in regard to both its religious lineages and its service to the state in the bureaucratic apparatus to implement state orthodoxy The second part follows four cases to reveal the connections between clerical lineages and local networks Wang illustrates how Daoism claimed a universal ideology and civilizing force that mediated between local organizations and central state institutions which in turn brought meaning and legitimacy to both local society and the state [China](#) John Lagerwey,2010-12-01 Over the last 40 years our vision of Chinese culture and history has been transformed by the discovery of the role of religion in Chinese state making and in local society The Daoist religion in particular long despised as superstitious has recovered its place as the native higher religion But while the Chinese state tried from the fifth century on to construct an orthodoxy based on Confucianism Daoism and Buddhism local society everywhere carved out for itself its own geomantically defined space and organized itself around local festivals in honor of gods of its own choosing gods who were often invented and then represented by illiterate mediums Looking at China from the point of view of elite or popular culture therefore produces very different results John Lagerwey has done extensive fieldwork on local society and its festivals This book represents a first

attempt to use this new research to integrate top down and bottom up views of Chinese society culture and history It should be of interest to a wide range of China specialists students of religion and popular culture as well as participants in the ongoing interdisciplinary dialogue between historians and anthropologists John Lagerwey is professor of Daoist history at the cole Pratique des Hautes tudes and of Chinese studies at the Chinese University of Hong Kong He is author of Taoist Ritual in Chinese Society and History and editor of the 30 volume Traditional Hakka Society Series as well as the recently published four volume set Early Chinese Religion
