60 Handel Overtures Arranged for Solo Keyboard George Frideric Handel,1993-01-01 The dramatic overture had its beginnings in Renaissance court entertainments which often began with a flourish of trumpets It reached a high point of inspiration in the overtures that George Frideric Handel 1685 1759 composed for his operas and oratorios This volume presents 60 Handel overtures and sinfonias originally scored for orchestra superbly arranged for solo keyboard They have been reprinted from an extremely rare edition originally printed probably in the 1750s by Handel s London publisher John Walsh Happily these brilliant works have lost nothing in translation of their Handelian vitality and interest Many of them such as the overtures to Messiah Acis and Galatea Alexander s Feast Julius Caesar the second overture in Solomon known as the Arrival of the Queen of Sheba and the so called Water Musick are very familiar to music lovers Some will be fresh discoveries for keyboard players Together they demonstrate Handel s exciting theatrical sense his technical virtuosity in composition and his dazzling mastery of musical forms which he often combined into his own
