

Science Confirms the Bible

(Bear in mind that the Bible was written 2,000–3,000 years ago)

THE BIBLE

The earth is a sphere
(*Isaiah 40:22*).

Incalculable number of stars
(*Jeremiah 33:22*).

Free float of earth in space
(*Job 26:7*).

Creation made of invisible
elements (*Hebrews 11:3*).

Each star is different
(*1 Corinthians 15:41*).

Light moves
(*Job 38:19,20*).

Air has weight
(*Job 28:25*).

Winds blow in cyclones
(*Ecclesiastes 1:6*).

Blood is the source of life
and health
(*Leviticus 17:11*).

Ocean floor contains deep
valleys and mountains
(*2 Samuel 22:16*;
Jonah 2:6).

Ocean contains springs
(*Job 38:16*).

When dealing with disease,
hands should be washed
under running water
(*Leviticus 15:13*).

SCIENCE NOW

The earth is a sphere.

Incalculable number of stars.

Free float of earth in space.

Creation made of invisible
elements (atoms).

Each star is different.

Light moves.

Air has weight.

Winds blow in cyclones.

Blood is the source of life
and health.

Ocean floor contains deep
valleys and mountains.

Ocean contains springs.

When dealing with disease,
hands should be washed
under running water.

SCIENCE THEN

The earth was a flat disk.

Only 1,100 stars.

Earth sat on a large animal.

Science was ignorant on
the subject.

All stars were the same.

Light was fixed in place.

Air was weightless.

Winds blew straight.

Sick people must be bled.

The ocean floor was flat.

Ocean fed only by rivers
and rain.

Hands washed in still water.

Science and the Bible Henry Morris,1986-09-08 Study scientific data and biblical truths in five chapters Science in the Bible The Theory of Evolution Science and the Flood The Bible and Ancient History and Fulfilled Prophecy **The Christian View of Science and Scripture** Bernard L. Ramm,1954 The Christian View of Science and Scripture book on the complex problems of science and scriptures is strategically important for evangelicals Amazon com **The Marriage of Science and the Bible** David Berg,2020-05-04 The Marriage of Science and the Bible is an adventure in new concepts I invite you to explore them with me We will investigate God s scientific credentials We will witness his authority over physical science We will see how he is applying the logic of science to human history Our Creator introduced the scientific method Examining his predictions hypotheses we can judge their accuracy across 4 000 years of human history Evaluate use of science of history Begin with secrets of the universe revealed long before modern satellites Inspect a mathematically specific prediction of the coming of Jesus Christ Does the Creator speak in absolutes Does absolute truth exist Consider the complexity of predicting the themes of history and future events No man can do it Recognize the unparalleled importance of God s expansion of science Discover Jesus s description of biblical biology biblical physics and biblical chemistry in God s design for human life Consider why the availability of the Bible in the languages of Northern Europe resulted in the birth of modern science Follow the flaw in human philosophy to Darwin s theory Is it important that astrophysicists are linking the biblical account of creation with twentieth and twenty first century scientific discoveries Personally confirm the science of history by viewing God s hypotheses and current events in Israel Discover the purpose of human history It s an adventure in reality *Do Science and the Bible Conflict?* Judson Poling,2003 This revised edition of the Tough Questions series of small group curriculum faces head on the difficult and challenging questions seekers ask about the Christian faith **The Bible and Science** Eddie D. Leach,2014-10-02 The author has been a Christian since his youth Upon discovering a love for science in grade school he pursued that interest throughout his entire life Sadly he found disagreement and conflict between the Christian only and Science only viewpoints Since he was both a Christian and a scientist he had to resolve in his mind these differences for his own spiritual and scientific well being For more than sixty years he has carefully formulated the words and concepts in this book that he hopes and prays will help others reach an understanding that both the Bible and the discoveries in science are true and reconcilable God does not lie to us or mislead us God is responsible for both His Bible and His Creation Thus any conflicts we find in the study of these two revelations from God result from our inability to interpret and understand properly either one or the other or some of each To more fully understand God one must study both Gods words the Bible and the scientific discoveries of the footprints and fingerprints He left during the creation process that we are now able to find and interpret We must correlate His words and His works to more fully understand Him We must always be aware that our first impressions may not be entirely correct and that we must always continue to compare all our findings

and interpretations with each other in an effort to seek and achieve the greater truth Science and the Bible : Volume 1
Donald B. DeYoung,1994-06-01 The book s thirty dynamic easy and safe science experiments illustrate the laws of nature
teach Bible principles and affirm God s power as Creator to kids and teens **The Biblical Basis for Modern Science**
Henry Morris,2020-02-11 The Bible is Indeed a Book of Science Revealed By God We live in a scientific age and the
proliferation of scientific knowledge and the resulting technologies seem almost endless Scientific discoveries and
developments however can be a danger as well as a blessing to mankind The modern world is desperately in need of God s
own wisdom concerning the purpose and meaning of true science When you move beyond modern assumptions and false
preconceptions the Bible is found to not only reveal a thoroughly modern perspective on the real facts and principles of
science but also to provide wisdom and guidance concerning its proper role in human life Biology is the science of life and
Christ himself is life Geology is the science of the earth and He is the Creator of the ends of the earth We also could speak of
other sciences but all must ultimately be ascribed to Christ True knowledge of any component of His creation must depend
ultimately on the knowledge of Christ and His Word Reveals biblical insights for cosmology astronomy physics
thermodynamics chemistry geology paleontology biology anthropology and more Brings to light how scientific and statistical
evidence rationally evaluated favor God over evolution **The Seven Pillars of Creation** William P. Brown,2010-02-26 In
their highly selective and literal reading of Scripture creationists champion a rigidly reductionistic view of creation in their
fight against soulless scientism Conversely many scientists find faith in God to be a dangerous impediment in the empirical
quest for knowledge As a result of this ongoing debate many people of faith feel forced to choose between evolution and the
Bible s story of creation But as William Brown asks which biblical creation story are we talking about Brown shows that
through a close reading of biblical texts no fewer than seven different biblical perspectives on creation can be identified By
examining these perspectives Brown illuminates both connections and conflicts between the ancient creation traditions and
the natural sciences arguing for a new way of reading the Bible in light of current scientific knowledge and with
consideration of the needs of the environment In Brown s argument both scientific inquiry and theological reflection are
driven by a sense of wonder which in his words unites the scientist and the psalmist Brown s own wonder at the beauty and
complexity of the created world is evident throughout this intelligent well written and inspirational book *The Harmony Of
The Bible With Science: Or, Moses And Geology* Samuel Kinns,2023-07-18 **The Hidden Power of the Bible** Ernest
Holmes,2006-08-03 The inspiration of Ernest Holmes has reached hundreds of thousands of readers through his classic
works many of which are just now becoming available in paperback Originally published in 1929 as *The Bible in Light of
Religious Science* this exegesis on the hidden lessons of some of Scripture s best known verses has been largely unavailable
and even unknown since the 1940s Indeed this edition comes as a brand new work to the many readers of Ernest Holmes It is
fully reset and redesigned published for the first time with an index and includes a new preface to frame the book for the

contemporary reader **Modern Science in the Bible** Ben Hobrink,2011-02-08 Modern Science in the Bible shows that the Bible is not out of date but that it was in fact thousands of years ahead of science when it was written Used as a reference tool or merely to underline the trustworthiness of the Bible this book succinctly demonstrates hard scientific facts from the Bible that modern science has only recently discovered Ben Hobrink although a biologist writes in layman s terms to describe current scientific debates and shows where scientific theories or conclusions differ from the Bible and offers explanations of the alleged differences In Modern Science in the Bible Hobrink not only defends the Bible he lets others share his astonishment about the relevance of biblical rules The book underlines the reliability of the Bible in the field of science and presents hard scientific facts that are structured around themes such as combating epidemics hygiene nutrition and evolution

The Nature of Creation Mark Harris,2014-09-19 It is generally assumed that science and religion are at war Many now claim that science has made religious belief redundant others have turned to a literalist interpretation of biblical creation to reject or revise science others try to resolve Darwin with Genesis The Nature of Creation addresses this complex debate by engaging with both modern science and biblical scholarship together Creation is central to Christian theology and the Bible and has become the chosen battleground for scientists atheists and creationists alike The Nature of Creation presents a sustained historical investigation of what the creation texts of the Bible have to say and how this relates to modern scientific ideas of beginnings The book aims to demonstrate what science and religion can share and how they differ and ought to differ

God, Science and the Bible Arnold V Page,2023-06-10 This book explains why conventional science and the Bible conflict over the origin of the universe and life on planet Earth It includes the evidence for Jesus Christ s resurrection and the author s own experiences of God s reality
