**The Linking Ring**, 1930      [Behind the Crystal Ball](#) Anthony Aveni, 1998-07-01      **Behind the Crystal Ball** Anthony F. Aveni, 1996 In this fascinating exploration of occult practice Anthony Aveni takes the reader on a whirlwind tour through time and space traveling from the ancient Tigris Euphrates river valley to the streets of our modern day cities On the way he catalogs the many ways people have used magic over the millennia in hopes of improving their lives Consider a page from your ancestors book of spells For a headache pour vinegar on your door hinges For warts wait until the twentieth day after a new moon rub dirt on the warts while you lie in the road and gaze up at the moon Or if you prefer more modern superstitions and want to be a good pitcher be like Texas Ranger Mike Griffin and always eat bacon the day before you take to the mound Professor Aveni argues persuasively that we cannot separate a culture s perception of reality from its times The ancient priests of Egypt saw the dung beetle or scarab as a sign of life not because they were ignorant primitives but because they were using the available clues in the world around them to map out a greater truth When Kabbalists sought to discover meaning through the letters in a name or an historical date they were seeking to satisfy a very deeply held urge The ancients sought the same goals we now obtain from science and religion a clearer picture of humanity s place in the cosmos How and why has Western thought and scientific inquiry diverged from magic At a time when crystals channeling faith healing earth worship and transcendental meditation are enjoying a renaissance the lines between science magic and the occult are beginning to blur once again Comparing Harry Houdini and scientific provocateur Richard Feynman Professor Aveni asks Is magic in the eye of the beholder BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved      **Ghostly Tales** Billy Roberts, 2014-04-08 A firsthand witness to an uncountable number of paranormal events author Billy Roberts tells absolutely true stories that will leave you touched by otherworldly fear Filled with poltergeists murderers and hair raising spirits Ghostly Tales is possibly the most frightening book you will ever read Some of the spine chilling stories included in this book are gruesome Some are horrific All of the stories will chill you to your very bones A dead man lurks in the land of the living mystifying his family at his own funeral An unassuming family caught in the grip of a misbegotten crystal ball becomes haunted by deplorable scenes of hellish atrocities A cloven hooved card shark interrupts a weekly poker game and terrorizes the players with evil foreboding The dozens of stories in this book are absolutely true and they all transcend the bounds of the imagination in a way that will have you afraid to turn out the lights      **Unlock Your Psychic Powers** Richard Lawrence, 2025-04-29 Everyone can be psychic There s nothing strange about it It s just another part of being human I wasn t born with any gift I learnt from scratch SO CAN YOU Richard Lawrence Psychic touch clairvoyance and channelling really work This new improved edition containing eleven additional exercises used over many years by thousands of people around the world with outstanding results also contains a Foreword by legendary rock musician Dave Davies of The Kinks who describes Richard as a powerful psychic a wonderful healer and an outstanding spiritual
