Henry James Coleridge

Decision For Eternity:

A Decision for Eternity Weeks, Wayne C,1998 *Keys to Keeping Eternity in Mind* Taiwo Ayodele,2017-08 Many are concerned with the uncertainty of life after death eternity heaven and hell Hence this book is timely and crucial for all in order to provide clear understanding from Biblical standpoints and to gain in depth comprehension of what the Bible says on these subjects Jesus illustration of the Kingdom of God in Luke 16 19 31 is to give us an insight into eternity and to reveal to us that our present existence on earth is an opportunity to help us prepare for our eternity location It is on earth that our choice of eternity placement will be made and we have been given the opportunity to make decisions on our eternity placement Heaven or Hell where there will be no more change Once we enter eternity we have entered a reality of no change and no going back It is a place of permanence So the years of our existence on earth give a great opportunity for us to prepare for our eternity location and for us to make informed decisions on our eternity placement Heaven or Hell What about the works that you do Do they promote God s Kingdom or do they promote self or the devil It is very important that you ponder on your lifestyle choices and decisions and start living right from today You do not want to miss such a great opportunity made available to you Heaven The Foreknowledge of God Lorenzo Dow McCabe,1878 **Reformed Presbyterian Advocate** ,1924 **The Burning Bush** ,1925 **Heads, You Win!** Quinn Spitzer,Ron Evans,1999-02-25 For anyone curious about where the fault lies in great corporate mistakes such as New Coke and AT T s acquisition of NCR **Heads You Win** provides on target answers **Faith and Objectivity** C.D. Hardwick,2012-12-06 In the last decade too many American theologians have been preoccupied with charting and interpreting in a superficial manner the movements of the newest stars in the Continental theological firmament This preoccupation contributed much unfortunately to that faddism that was so characteristic of American theology in the Sixties the period immediately following the passing of a generation of theological giants like Barth Bultmann Tillich Gogarten and the Niebuhrs There has seldom been a period in which so many promissory notes were issued so carelessly onto the intellectual market notes that were not and perhaps could not have been redeemed Given this temper of the times it is difficult to account for the almost total neglect of the work of Professor Fritz Burl of Basel whose theology of existence is one of the most interesting and impressive contemporary attempts to interpret the myths and symbols of the Christian faith in terms of an existentialist philosophy Even if one were to apply that most superficial though for many apparently decisive criterion of radicality one might have expected his work to attract some sustained attention because Burl has consistently posed a radical solution to most of the hotly debated issues of the times the problem of demythologization the meaning of theological language the problems raised by historical criticism and the meaning of the historical Jesus for faith to mention a few *Lard's Quarterly* Moses E. Lard,1866 Engaging the Doctrine of God Bruce L. McCormack,2008 Evangelical theologians have traditionally affirmed a classical theism that emphasizes God s unchangeableness and all knowing nature Recent years however have seen the development of a variety of opinions

including the controversial ideas connected with open theism The contributors to this collection represent the broad range of creative thought characteristic of contemporary evangelicalism Figures such as N T Wright D A Carson Paul Helm John Webster and Bruce McCormack discuss an array of ideas currently under debate by evangelical theologians Both ministers and students of theology will find this a helpful and insightful volume The contributors offer readers a valuable look at contemporary evangelical perspectives on the doctrine of God and the importance of theology for other areas of belief and practice
