**Decision making in the EU before and after the Lisbon Treaty**

Madeleine Hosli, Amie Kreppel, Běla Plechanovová, Amy Verdun, 2017-10-02 Decision making in the European Union before and after the Lisbon Treaty aims to assess what the changes the Treaty of Lisbon envisaged and whether these ambitions have materialised since the Treaty entered into force It offers analyses of the past as well as what might be the future because some provisions will only enter into effect in the years to come To what extent has the current decision making process been able to address the shortcomings and challenges of the past What has been the impact of aspects of the Lisbon Treaty that clarified pre existing norms and structures in some cases formalizing them rather than introducing new changes The authors in this book look at the interaction between formal rules and informal practices seeking to point to the interaction between the two They find that informal practices to date typically still dominate formal rules This book was published as a special issue of West European Politics *The Foreign Policy of Europe* Lewis Appleton, 1892 **Victory in Europe, 1945** Arnold A. Offner, Theodore A. Wilson, 2000 In this collection senior scholars explore the transition from war to uneasy peace how and why the war ended as it did whether a different resolution was possible and if the ensuing Cold War was inevitable **Collection of Decisions of the European Commission of Human Rights** European Commission of Human Rights, 1969 Appleton's Annual Cyclopædia and Register of Important Events of the Year ..., 1891 *The Nineteenth Century and After*, 1914 The Annual Register, 1882 EU Powers Under External Pressure Christina Eckes, 2019-01-15 EU external actions have deep constitutional and institutional implications for EU law and practices The EU's competences in external relations have continuously increased including with the entry into force of the Treaty of Lisbon As a result the EU has become ever more active in external relations This has in turn increased the internal constitutional and institutional effects of EU external actions This book traces these legal effects and the broader constitutional implications including potential integrative forces EU external actions affect the power division between the EU and its Member States and between the different EU institutions the unity and autonomy of the EU legal order the role and position of Member States on the international plane their autonomy the relationship between national international and EU law and the ability of EU citizens to identify who is responsible for a particular action or policy as well as their legitimate expectation that the EU takes action on their behalf The chapters demonstrate the interpretation of organizational principles such as sincere cooperation subsidiarity primacy and coherence changes in the context of external relations how the choice of an external legal basis rather than an internal legal basis affects the powers of the Union and its Member States what power shifts happen when policies are determined in international agreements rather than in internal decision making and how EU participation in international dispute settlement mechanisms affects the autonomy and legitimacy of the EU *EU External Relations Law* Ramses A Wessel, Joris Larik, 2020-04-02 The first edition of this seminal textbook made a significant impact on the teaching of EU external relations law This new edition retains the hallmarks of that success while providing a fully revised and updated account of this burgeoning field It offers a dual perspective looking at questions from both the EU
