

IN CONGRESS, July 4, 1776

The unanimous Declaration of the thirteen united States of America

When in the course of human events, it becomes necessary for one people to dissolve the political bands which have connected them with another, and to assume among the powers of the earth, the separate and equal station to which the Laws of Nature and of Nature's God entitle them, a decent respect to the opinions of mankind requires that they should declare the causes which impel them to the separation.

We hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain unalienable Rights, that among these are Life, Liberty and the pursuit of Happiness. — That to secure these rights, Governments are instituted among Men, deriving their just powers from the consent of the governed, — that whenever any Form of Government becomes destructive of these ends, it is the Right of the People to alter or to abolish it, and to institute new Government, laying its foundation on such Principles and organizing its Powers in such form, as to them shall seem most likely to promote their Safety and Happiness. Prudence, in such a Case, will dictate that Governments long established should not be changed for light and transient Causes; and accordingly the Sufferances under them should bear the same Relation to our Temporal Tolerances, as the Violations of our sacred Rights bear to our Temporal Sufferances. — But when a long Train of such Abuses and Usurpations, which have assumed the Character of a regular Course, shall lead one People to suppose that a Change in their former Governments is necessary for their future Security and Happiness, and that such a Change is likely to bring them more Liberty, Safety and Happiness, it is their Right and Duty to alter or to abolish the old Government, and to institute new Government, laying its foundation on such Principles and organizing its Powers in such form, as to them shall seem most likely to promote their Safety and Happiness.

We the Representatives of the thirteen united States of America, do hereby declare that these United Colonies are, and of Right ought to be, free and independent States; that they are absolved from all Allegiance to the British Crown, and that all former Attachments to that Crown, are hereby disclaimed and renounced; and that as free and independent States, they have full Power to levy War, conclude Peace, contract Alliances, enter into Commercials, and to do all other Acts and Things which Independent States may of Right do.

Isaak,Robert Isaak,1994     Rehnquist Justice Earl M. Maltz,2003 With seven of its justices appointed by Republican presidents today s Supreme Court has significantly altered America s legal landscape since 1986 by tilting constitutional jurisprudence to the right That was the goal of Presidents Reagan and Bush in filling court vacancies and has been felt in cases related to federalism economic rights and affirmative action However liberal issues such as abortion have moved only marginally to the right while rulings by the Court on school prayer and gay rights have moved constitutional doctrine slightly to the left In this collection of original articles prominent constitutional scholars are joined by new voices from the cutting edge of academia to subject the Rehnquist Court to closer scrutiny and to show that its brand of conservatism is less extreme than many have supposed Reflecting views across the political spectrum the contributors help readers understand the Court dynamic its constrained conservatism and the forces that shape constitutional law in general As these authors show the overall pattern of decision making in the Rehnquist era cannot be attributed to any single unified approach to constitutional analysis Instead today s Court can only be understood as the product of a complex interaction among individual justices each with an idiosyncratic view of the proper interpretation of the Constitution and the role of the Court in the American political system These provocative essays are designed to provide

readers with insight into this interaction by focusing on each member of the bench From the staunch conservatism of Clarence Thomas to the accommodationism of Sandra Day O Connor to the liberal constitutionalism of David Souter the essays analyze the unique approach of each justice to interpreting the Constitution They also show that the current justices are the product of a nomination and confirmation process that has undergone a major transformation in recent decades one which favors experienced often unknown jurists over high profile public servants By concentrating attention on its members Rehnquist Justice allows us to better understand the Supreme Court as a whole And by assessing today s judiciary in light of a public philosophy that looks askance at government it shows us that the Supreme Court has truly become a mirror of its times
