## Deep Silence:

*The Deep Silence* Douglas Reeman, 1974      Hearing Our Prayers Juliette J. Day, 2024-03-15 How do we hear our prayers In the words of philosopher Gemma Corradi Fiumara there can be no saying without hearing no speaking which is not an integral part of listening no speech which is not somehow received Therefore hearing should be considered an essential aspect of participation in Christian worship However although almost all studies of Christian worship attend to the words spoken and sung almost none consider how worshippers hear in the liturgical event In *Hearing Our Prayers* Juliette Day draws upon insights from liturgical studies philosophy psychology acoustical science and architectural studies to investigate how acts of audition occur in Christian worship The book discusses the different listening strategies worshippers use for speech chant and music as well as for silence and noise why paying attention in church can be so difficult and how what we hear is affected by the buildings in which worship takes place Day concludes by identifying liturgical listening as a particular type of ritual participation and emphasizes that liturgical listening is foundational for the way in which we pray and think about God the church and the world      *Rhetoric, Intersectionality, and Black Women in Pittsburgh* Tahirah J. Walker, 2025-08-07 In this book Tahirah J Walker provides an analysis of how Black women in Pittsburgh navigate the public sphere through an examination of the ways that intersecting identities shape discourse silence and reclamation The author draws from historical events personal narratives and community case studies to take a deep look at the intersectional marginalization resistance and transformation journeys of Black women in a city deemed most unlivable for them Walker amplifies unique presentations of language silence and reclamation as they are negotiated via race gender and class The book serves as testimony to the way intersectionality is turned on its head in Pittsburgh to create spaces of love and freedom through fearless speech parrhesia strategic listening and community engagement practices At its heart this project is a love letter to every Black woman who has lived in Pittsburgh and asked herself why affirming that while so much research exists on the struggles of being a Black woman in this city it is equally important to recognize the innovations and triumphs      **The Elephant and the Blind** Thomas Metzinger, 2024-02-06 An engaging and insightful journey into human consciousness What if our goal had not been to land on Mars but in pure consciousness The experience of pure consciousness what does it look like What is the essence of human consciousness In *The Elephant and the Blind* influential philosopher Thomas Metzinger one of the world's leading researchers on consciousness brings together more than 500 experiential reports to offer the world's first comprehensive account of states of pure consciousness Drawing on a large psychometric study of meditators in 57 countries Metzinger focuses on pure awareness in meditation the simplest form of experience there is to illuminate the most fundamental aspects of how consciousness the brain and illusions of self all interact Starting with an exploration of existential ease and ending on *Bewusstseinskultur* a culture of consciousness Metzinger explores the increasingly non egoic experiences of silence wakefulness and clarity of bodiless body experience ego dissolution and nondual awareness From

there he assembles a big picture the elephant in the parable from which the book's title comes of what it would take to arrive at a minimal model explanation for conscious experience and create a genuine culture of consciousness Freeing pure awareness from new age gurus and old religions The Elephant and the Blind combines personal reports of pure consciousness with incisive analysis to address the whole consciousness community from neuroscientists to artists and its accessibility echoes the author's career long commitment to widening access to philosophy itself
