Deeper Song:

Deep Blue David Niall Wilson, 2010-03-02 From award winning author David Niall Wilson what Publishers Weekly calls an engrossing poetic novel of spiritual evil Brandt is a down and out guitarist and vocalist who believes his life has hit rock bottom He can't make the rent on his apartment he drinks so much he can barely make it to the crappy gig that keeps his band afloat let alone play when he gets there When he leaves the bar one dark night with a bottle of Jose Cuervo in one hand and his guitar case in the other he finds he's locked out of his apartment with no where to go In an alley filled with trash can fires and homeless vagrants Brandt meets Wally an old black man who can play the music that Brandt dreams of the blues In the ensuing encounter Brandt is gifted or cursed with new abilities He feels the pain building up around him and inside him Not his own pain but the pain of others the pain of those who have passed away the pain of those who died with no one to hear their stories He becomes a conduit for the pain of the world What follows are a series of revelations one for each member of the band and one for a young girl named Liz drawing them together and ultimately reuniting them with Brandt Together Brandt Synthia Shaver Dexter and Liz take off to the mountain town of Friendly California for a date with pain destiny and a silver haired Reverend who would like to see them dead In the final showdown they must meet the challenge of the music the pain and their mingled histories and stand or fall with the pain of the world in the balance PRAISE FOR DEEP BLUE Wilson demonstrates that a horror novel doesn't need gallons of blood to succeed that spiritual terror can be even more effective Publisher's Weekly Through some great musical imagery and engrossing sub plots David Niall Wilson has written a captivating story that is full of surprises SF Site Featured review Wilson paints liquid rainbows when he describes each band member's experience behind his or her newly rediscovered instruments and skills and if this were all that the book were about it would be enough But there's plenty more going on in Deep Blue to satisfy the author's fans who are used to him not sticking to genre conventions and to draw in plenty of new ones Craig's Booklist Reviews **Deep Time** Noah Heringman, 2023-01-03 How the concept of deep time began as a metaphor used by philosophers poets and naturalists in the eighteenth and nineteenth centuries In this interdisciplinary book Noah Heringman argues that the concept of deep time most often associated with geological epochs began as a metaphorical language used by philosophers poets and naturalists of the eighteenth and nineteenth centuries to explore the origins of life beyond the written record Their ideas about the abyss of time created a way to think about the prehistoric before it was possible to assign dates to the fossil record Heringman examining stories about the deep past by visionary thinkers ranging from William Blake to Charles Darwin challenges the conventional wisdom that the idea of deep time came forth fully formed from the modern science of geology Instead he argues it has a rich imaginative history Heringman considers Johann Reinhold Forster and Georg Forster naturalists on James Cook's second voyage around the world who inspired by encounters with Pacific islanders connected the scale of geological time to human origins and cultural evolution Georges Louis Leclerc Comte de Buffon who drew on travel narrative

antiquarian works and his own fieldwork to lay out the first modern geological timescale Blake and Johann Gottfried Herder who used the language of fossils and artifacts to promote ancient ballads and prehistoric song and Darwin's exploration of the reciprocal effects of geological and human time Deep time Heringman shows has figural and imaginative dimensions beyond its geological meaning *Tale of Nether King Breaking The Hell* Fo HaiXuMi,2020-02-19 Legend has it that there exist a total of seven races living in the Divine Great Land Human Clan Merman Savage Clan Wing Clan Ghost Clan Wisdom Race and God Clan Human Clan was the present Great Sheng Dynasty The Merman's and Savage Clan were almost completely slaughtered by the Human Clan but Wing Clan Ghost Clan Wisdom Clan and God Clan seemed to only exist in legends The King of the Human Clan was naturally the emperor of the Great Sheng Dynasty Wu Deng He fought for supremacy over the world killing and driving away other races With the Merman race as their leader they were hunted down and killed by the Great Realm King And Ming Prince as the least favored son of the Emperor of Great Sheng Dynasty watched as his broken nation's Human Clan was annihilated and his parents and brothers slaughtered one another The Ming Prince turned into Pluto Everywhere Pluto passed he turned into scorched earth **Songs and Song Writers** Henry T. Finck,1912
