Defeat At Gallipoli:

Defeat at Gallipoli Nigel Steel, Peter Hart, 2002 The battle for Gallipoli was officially described as one of the world's classic tragedies and in this book the participants tell the full story of this failed offensive The bitter campaign against the Turks was ill conceived inadequately equipped and never likely to succeed

Gallipoli Jenny Macleod, 2015 The British led Mediterranean Expeditionary Force that attacked the Ottoman Empire at Gallipoli in 1915 was a multi national affair including Australian New Zealand Irish French and Indian soldiers Ultimately a failure the campaign ended with the withdrawal of the Allied forces after less than nine months and the unexpected victory of the Ottoman armies and their German allies In Britain the campaign led to the removal of Churchill from his post as First Lord of the Admiralty and the abandonment of the plan to attack Germany via its soft underbelly in the East Thereafter it was largely forgotten on a national level commemorated only in specific localities linked to the campaign In post war Turkey by contrast the memory of Gallipoli played an important role in the formation of a Turkish national identity celebrating both the ordinary soldier and the genius of the republic's first president Mustafa Kemal The campaign served a similarly important formative role in both Australia and New Zealand where it is commemorated annually on Anzac Day For the southern Irish meanwhile the bitter memory of service for the King in a botched campaign was forgotten for decades Shaped initially by the imperatives of war time and the needs of the grief stricken and the bereft the memory of Gallipoli has been re made time and again over the last century For the Turks an inspirational victory for many on the Allied side a glorious and romantic defeat for others still an episode best forgotten Gallipoli has meant different things to different people serving by turns as an occasion of sincere and heartfelt sorrow an opportunity for separatist and feminist protest and a formative influence in the forging of national identities

Gallipoli Peter Hart, 2011-02-03 The scene was tragically macabre the image of desolation the flames spared nothing As for our young men a few minutes ago so alert so self confident all now lying dead on the bare deck blackened burned skeletons twisted in all directions no trace of any clothing the fire having devoured all Vice Admiral P E Gu prete recalls the damage to the French ship Suffren during a naval battle in 1915 One of the most famous battles in history Gallipoli forced Churchill from office established Turkey's iconic founder Mustafa Kemal Atatürk and marked Australia's emergence as a nation in its own right It had begun as a bold move led by the British to ultimately capture Constantinople but this definitive new history explains that from the initial landings which ended with so much blood in the sea it could be seen from aircraft overhead to the desperate attacks of early summer and the battle of attrition that followed it was a lunacy that was never going to succeed Drawing on unpublished personal accounts by individuals at all levels and from all sides not only from Britain Australia and New Zealand but unusually from Turkey and France too Peter Hart combines his trademark eye for vivid personal stories with a strong narrative to bring a modern view of this military disaster to a popular audience

The European War, 1917

Defeat at Gallipoli Tim Coates, 2001-02 This second part of the Dardanelles Commissions report

deals with the disastrous military campaign to capture the Gallipoli Peninsula using ground forces The Allies were unable to make headway against an enemy who was well prepared and well positioned Within a few months the Allies had suffered humiliating defeat and thousands of troops had lost their lives The realization of the British governments incompetence in handling this affair was instrumental in the removal of Herbert Asquith as Prime Minister in December 1916 Uncovered Editions are historic official papers now available in popular form Gallipoli Peter FitzSimons,2015 On 25 April 1915 Allied forces landed on the Gallipoli Peninsula in present day Turkey to secure the sea route between Britain and France in the west and Russia in the east After eight months of terrible fighting they would fail Peter tells this iconic tale in Gallipoli History comes to life with Peter FitzSimons Turkey regards the victory to this day as a defining moment in its history a heroic last stand in the defence of the nation s Ottoman Empire But counter intuitively it would signify something perhaps even greater for the defeated Australians and New Zealanders involved the birth of their countries sense of nationhood Now approaching its centenary the Gallipoli campaign commemorated each year on Anzac Day reverberates with importance as the origin and symbol of Australian and New Zealand identity As such the facts of the battle which was minor against the scale of the First World War and cost less than a sixth of the Australian deaths on the Western Front are often forgotten or obscured Peter FitzSimons with his trademark vibrancy and expert melding of writing and research recreates the disaster as experienced by those who endured it or perished in the attempt *The New York Times Current History of the European War* ,1915

Defeat and Memory J. Macleod,2008-11-03 The legacy of defeat in war reverberates through private and collective memory and remains a sub text in international relations and political discourse This book examines the manner in which a series of military defeats have been understood and remembered by individuals and societies in the era of modern industrialised warfare The Great War Herbert Wrigley Wilson,Sir John Alexander Hammerton,1917 **King's Complete History of the World War ...** William C. King,1922 **The Nations at War, August 1914 - August 1916** Willis John Abbot,1917 *The Official Index to The Times* ,1915 **The Great European War ...** Norwich (England). Public Libraries,1917 *The Lincoln Library of Essential Information* ,1929 **France** ,1920 *Gallipoli* Robin Prior,2009-06-02 The noted historian s decisive and devastating history of the WWI Battle of Gallipoli sets a new standard for assessing the Allied Dardanelles campaign Mustafa Aksakal American Historical Review The Gallipoli campaign of 1915 16 was an ill fated Allied attempt to take control of the Dardanelles secure a sea route to Russia and create a Balkan alliance against the Central Powers A failure in all respects the operation ended in disaster and the Allied forces suffered some 390 000 casualties In this conclusive study military historian Robin Prior assesses the many myths about Gallipoli and provides definitive answers to questions that have lingered about the operation Prior proceeds step by step through the campaign dealing with naval military and political matters and surveying the operations of all the armies involved British Anzac French Indian and Turkish Relying on primary documents including war diaries and technical military sources Prior evaluates the strategy the

commanders and the performance of soldiers on the ground His conclusions are powerful and unsettling the naval campaign was not almost won and the land action was not bedeviled by minor misfortunes Instead the badly conceived Gallipoli campaign was doomed from the start And even had it been successful the operation would not have shortened the war by a single day Despite their bravery the Allied troops who fell at Gallipoli died in vain A Wall Street Journal Best Book of 2009
