Before The Crying Ends:

An Outline of the End Times PT Nicholson,2016-12-15 An Outline of the End Times is written by a layperson for laypeople In an attempt to be comprehensive yet concise and thorough PT Nicholson explores prophetic scripture in relation to the end times He weighs up counterarguments of key issues that divide Christians regarding the tribulation and the millennium and carefully synthesizes an outline of events without overlooking difficulties Combined with exhaustive scripture references he uses charts tables maps sketches and graphs to explain issues and analyse topics as succinctly as possible About 25 percent of the Bible is prophecy and according to a well known and respected scholar on Bible prophecy John Walvoord five hundred of one thousand prophetic events remain unfulfilled Yet many Christians have only a vague notion of how end time events will unfold due to inadequate teaching and a shortage of comprehensively researched books on the subject An Outline of the End Times serves as a reference resource to help meet this need *Pain, Play and Music* Giorgio Scalici,2024-04-18 The Wana people of Morowali accept the experiences of pain illness and loss and transform them into something positive rituals that celebrate life friendship and the community Through fieldwork with the Wana people of Morowali Central Sulawesi Giorgio Scalici shows how music serves as a connection between the human world and the hidden world of spirits and emotion By examining rituals such as the momago the main Wana healing ritual and the kayori the funeral this book investigates how music is used by the Wana to heal people control emotions reinforce the sense of community and to mark the cultural death of the community member In this study music transforms the pain of loss into a playful event that heals the community and assures its future This book will be of interest to the wider academic study of religion anthropology and ethnomusicology as it looks as at funerals as healing rituals for the community which lead the living and the dead through critical times *A history of modern Europe, revised and continued to the end of the 19th century* by A.
