

New Beginnings

**It's only the beginning now,
A pathway yet unknown,
At times the sound of other steps,
Sometimes we walk alone.**

**The best beginnings of our lives,
May sometimes end in sorrow,
But even on our darkest days,
The sun will shine tomorrow**

**So we must do our very best,
Whatever life may bring,
And look to the winter as a guest,
To smell the breath of spring.**

**Into each life will always come,
A time to start a new,
A new beginning in each heart,
As fresh as morning dew.**

**The past has its secrets, but the present does too,
In order to establish the future, we must do what we do,
In time we will find it and make happiness flow,
We just need patience in the beginning and in time we'll grow.**

**The years will never take away,
Our chance to start a new,
It's only the beginning now,
So dreams can still come true.**

Beginning With Poems:

Poems from the Beginning of Time Connie Rose,2017-07-31 Having started writing songs at the age of nine to write became a part of who I was in the following few years of childhood The poems that I have included in this collection are from the beginning of my time as a poet to present day I have extracted many of these poems from within my personal journals Using my poetry I have commented on experiences and opinions throughout my growth while injecting my raw emotions My poetry has also been influenced by other poems I have read experimenting with format language and cadence I think the influence of being a song writer has also led me to always hear each poem in its individual voice in my head I find my poems more significant when read aloud which I encourage enthusiastically I have divided this book into seven chapters which are definitely not meant to be read in order Just hop around to whatever sounds good Please enjoy this book of my life in poetry thus far and while you read I hope it leads you to contemplative introspection as it did for me when writing it **Beginning**

Tracy R. Boxrud,2017-11-15 **Beginning** is an uplifting comical and light hearted collection of poems centered around the theme of new beginnings **Making Poems** Todd F. Davis,Erin Murphy,2010-02-02 This diverse collection of poems and companion essays by forty nationally and internationally known poets allows readers to experience the creative process through the eyes and voice of each poet No matter how often we are told that revision is an essential component of poetic composition it can be difficult to resist the temptation to think of the poem as having sprung spontaneously Athena like from the writer s head By exposing readers to the finished product as well as the poet s own account of the poem s creation Making Poems offers a behind the scenes perspective on the poetic process that will fascinate both beginning and established writers The book also affords poetry instructors an opportunity to demonstrate to their students the ways in which poems can originate from seemingly mundane and unlikely sources **Complete poems** George Eliot,1901
