I. INTRODUCTION

Age early is period gold (*golden age*) for development child for obtain education . Aspect development child age early covers religious and moral values , cognitive , physical motor , social emotional , and language (Purwaningsih , 2018). Method counting needed for develop Skills much needed math in life everyday , mostly draft a number which is also the base for development ability mathematics nor readiness for follow education next (Ministry of National Education , 2007). Age child early have extraordinary ability normal especially during childhood early . Desire child for study make they active and explorative . Child studying with whole five her senses for understand something in time short , they will switch to something else for learned . Environment sometimes make child hampered in develop ability learn it . An environment that doesn't conducive could hinder desire child for explore .

Ability counting start according to Susanto (2011) is capabilities , every child for develop ability its , characteristics development started from closest environment with himself , in line with development ability child could increase to Step definition about related amount with addition and subtraction . Smart kid no only clever boy mathematics just . At 4 years old child could mention order number until ten , meanwhile 5-6 years old could mention number so on .

Destination main in counting start mathematics for child in fact is for stimulate ability think child to have readiness in study math on stage next , so child capable dominate various knowledge and skills possible math they for capable solve problem in his life everyday (Rachmawati , 2008; Clement & Sarama , 2005).

From the results study I am at RA Babuttaqwa school still many less child showing interest learn . Reason lack of interest study child the caused by several factor , like condition environment around , less parents notice children and interests study child the not enough spirit , factor to be reason in Thing this teacher still difficult in develop activity in the class so that child still not yet capable counting use finger fingers his hand . So researcher will researching with total 5 children manifold sex girl .

because that 's family participate role in development education child . Parents are sued for Fulfill whole necessity child in study , if all that no fulfilled so big possibility interest study child will reduced

Beginnings Count:

Beginnings Count David J. Rothman, 1997 This book explores the impact of American values on the evolving design of health care It gives us a fascinating picture of three machines the iron lung the dialysis machine and the respirator and three turning points in health policy the rise of Blue Cross the passage of Medicare and the failure of the Clinton Health Security Act By analyzing the links between medical technologies and legislative developments this pioneering book clarifies the complex relationship between social values and public policy in the shaping of our health care system It helps us to understand why middle class Americans preferred to keep government out of health care when they made exceptions to the rule and how their preferences fit with their own experiences and served their self interest Beginnings Count argues that it is lived history not an abstract commitment to marketplace forces or a reflexive opposition to big government that has shaped the American Way in health care

One Good Word a Day Kristin Demery, Kendra Roehl, Julie Fisk, 2021-11-09 If you were to pick one word for the year what would it be Invite Abide Balance Simplify Every January many of us proclaim our word for the year choosing something inspiring that will help us set our intention for the coming months But what would happen if rather than choosing one word for an entire year because let s face it some of us forget by March we focused on one good word each day one thought provoking spiritually relevant and encouraging word that reveals the many lovely and delightful truths of who Jesus is in our lives One Good Word a Day by the creators of the online community The Ruth Experience offers simple but deeply spiritual meditations that will help readers linger on one word each day so they can identify and reflect on how Jesus as the Word influences their daily lives Jesus is more than one word He offers us abundance hope peace kindness courage mercy and so much more One Good Word a Day reminds readers that in Christ we find all we need to live encouraged and uplifted every day

21 keys to unlock your inner self Jyoti Sachdeva, This book emerged from moments when just surviving didn t feel like enough It was shaped by truths that seemed impossible to ignore and questions that asked for honesty rather than answers I watched how often people negotiate themselves out of their own lives They often choose familiarity over freedom approval over staying true and performance over being present These pages were not written to give you a new identity They aim to help you reclaim the one you set aside to fit in They are not a map they are a mirror A mirror for the parts of you that understand you cannot go back to who you were even if you don t yet know who you are becoming If something in these pages feels heavy take your time with it If something resonates don t overlook it If something feels uncomfortable don t shy away from it This book is not here to inspire you it is here to walk alongside you You do not need permission to start You only need to decide that staying the same isn t an option anymore

Welcome You can begin wherever you are This book was built in the quiet in the spaces between fear and clarity in the moments where I learned to stay with myself rather than run from myself To the versions of me that did not know how to ask for help thank you for trying To the versions of me that finally learned to ask thank you for surviving long enough to change

Ordinary Medicine Sharon R. Kaufman,2015-05-29 Most of us want and expect medicine s miracles to extend our lives In today s aging society however the line between life giving therapies and too much treatment is hard to see it s being obscured by a perfect storm created by the pharmaceutical and biomedical industries along with insurance companies In Ordinary Medicine Sharon R Kaufman investigates what drives that storm s more is better approach to medicine a nearly invisible chain of social economic and bureaucratic forces that has made once extraordinary treatments seem ordinary necessary and desirable Since 2002 Kaufman has listened to hundreds of older patients their physicians and family members express their hopes fears and reasoning as they faced the line between enough and too much intervention Their stories anchor Ordinary Medicine Today s medicine Kaufman contends shapes nearly every American s experience of growing older and ultimately medicine is undermining its own ability to function as a social good Kaufman s careful mapping of the sources of our health care dilemmas should make it far easier to rethink and renew medicine s goals The Evolution of Arthurian Romance from the Beginnings Down to the Year 1300 James Douglas Bruce,1923 Oliver Cromwell's Letters and Speeches Thomas Carlyle,1926 *The Works of Thomas Carlyle: Oliver Cromwell's letters and speeches, with elucidations* Thomas Carlyle,1897 *Oliver Cromwell's Letters and Speeches* Oliver Cromwell,Thomas Carlyle,1899 The letters and speeches of Oliver Cromwell, with elucidations by T.
