Hidden History (Volume 1 of 2) (EasyRead Super Large 20pt Edition) , The Boiled Frog Syndrome Thomas Saunders,2003-04-28 The Boiled Frog Syndrome presents compelling evidence to show that the source of the majority of the Western diseases of civilisation that have multiplied over the past 100 years ranging from cancers to debilitating sicknesses and allergies can be traced to the modern built environment our increasing exposure to electromagnetic radiation and the indiscriminate use of untested advanced technology It is also due in part to the 20th century s repudiation of perennial wisdom **Hidden History** Brian Haughton,2007-01-15 An archaeologist explores history s most fascinating enigmas from the ancient Druids to the mysteries of the Mayan calendar and the lost city of Atlantis Across thousands of years of history so called lost civilizations still speak to us through their artifacts and architecture In Hidden History archaeologist Brian Haughton fills the gap between archaeology and alternative history using the latest available data and a common sense open minded approach Divided into three sections this expertly researched volume shares the secrets of Mysterious Places Unexplained Artifacts and Enigmatic People Haughton introduces readers to the greatest mysteries of the ancient world from the labyrinthine palace of Knossos on Crete to the pyramids of Egypt the remote jungle temples of Peru and the megalithic mystery of Stonehenge But he also goes further to explore historical puzzles like the Coso Artifact the possibility of ancient flight and the Voynich Manuscript as well as mysterious peoples from the Magi and the Druids to the Knights Templar and the Green Children With more than 50 photographs and illustrations this is the ideal reference work for those interested in the archaeology of these great enigmas *Civilization One* Christopher Knight,Alan Butler,2014-03-04 How a quest to crack the mystery of the Megalithic Yard led to the discovery of compelling evidence pointing to the existence of a highly advanced culture predating the earliest known civilizations There must have been a civilization one Knight and Butler reveal the secrets of an extraordinary integrated measuring system which might have been lost to the world for ever It was a system far more advanced than anything used today which forms the basis of both the Imperial and Metric measure systems These

ancient scientists understood the dimensions motions and relationships of the Earth Moon and Sun they measured the solar system and even understood how the speed of light was integrated into the movements of our planet Their conclusions fly in the face of everything that we thought we knew about the origins of the modern world but the evidence is incontrovertible
