platform for scholars to mount a vigorous argument in favor of redefining science fiction to encompass varieties of fantastic writing and therefore to include a range of black women s writing that would otherwise be excluded Afro Future Females builds upon Barr s previous work in black science fiction and fills a gap in the literature It is the first critical anthology to address the blackness of outer space fiction in terms of feminism emphasizing that it is necessary to revise the very nature of a genre that has been constructed in such a way as to exclude its new black participants Black science fiction writers alter genre conventions to change how we read and define science fiction itself The work s main point black science fiction is the most exciting literature of the nascent twenty first century *American Book Publishing Record* ,2004 School Library Journal ,2004 **Library Journal** Melvil Dewey,Richard Rogers Bowker,L.
