Current Industrial Reports ,1991      *Teaching Collection (Archaeology* ,1998      *Colonial Objects in Early Modern Sweden and Beyond* Mårten Snickare,2025-10-01 An elaborately crafted and decorated tomahawk from somewhere along the North American east coast how did it end up in the royal collections in Stockholm in the late seventeenth century What does it say about the Swedish kingdom s colonial ambitions and desires What questions does it raise from its present place in a display cabinet in the Museum of Ethnography in Stockholm Colonial Objects in Early Modern Sweden and Beyond is about the tomahawk and other objects like it acquired in colonial contact zones and displayed by Swedish elites in the seventeenth century Its first part situates the objects in two distinct but related spaces the expanding space of the colonial world and the exclusive space of the Kunstkammer The second part traces the objects physical and epistemological transfer from the Kunstkammer to the modern museum system In the final part colonial objects are considered at the centre of a heated debate over the present state of museums and their possible futures      *Confronting Colonial Objects* Carsten Stahn,2023

*Confronting Colonial Objects* traces recurring justifications and contestations of takings and returns in colonial history through the life story of cultural objects It develops a theory based on justice ethics and human rights that confronts ongoing historic legal and economic entanglements and enables normative transformation      **The Routledge Hispanic Studies Companion to Colonial Latin America and the Caribbean (1492-1898)** Yolanda Martínez-San Miguel,Santa Arias,2020-11-29 The Routledge Hispanic Studies Companion to Colonial Latin America and the Caribbean 1492 1898 brings together an international team of scholars to explore new interdisciplinary and comparative approaches for the study of colonialism Using four overarching themes the volume examines a wide array of critical issues key texts and figures that demonstrate the significance of Colonial Latin America and the Caribbean across national and regional traditions and historical periods This invaluable resource will be of interest to students and scholars of Spanish and Latin American studies examining colonial Caribbean and Latin America at the intersection of cultural and historical studies transatlantic postcolonial and decolonial studies and critical approaches to archives and materiality This timely volume assesses the impact and legacy of colonialism and coloniality      The Colonial Church chronicle, and missionary journal. Sensible Objects Elizabeth Edwards,Chris Gosden,Ruth Phillips,2006-10-17 Anthropologists of the senses have long argued that cultures differ in their sensory registers This groundbreaking volume applies this idea to material culture and the social practices that endow objects with meanings in both colonial and postcolonial relationships It challenges the privileged

position of the sense of vision in the analysis of material culture Contributors argue that vision can only be understood in relation to the other senses In this they present another challenge to the assumed western five sense model and show how our understanding of material culture in both historical and contemporary contexts might be reconfigured if we consider the role of smell taste feel and sound as well as sight in making meanings about objects
